Saluminium Limited

Notes to the abbreviated financial statements for the year ended 31 March 2012

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention modified to include the revaluation of certain fixed assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1.2. Turnover

Turnover represents the total Rental income receivable for the year

1.3. Tangible fixed assets and depreciation

In accordance with paragraph 5.37 of the Financial Reporting Standard for Smaller Entities -

- (i) no depreciation is provided in respect of freehold investment properties
- (ii) investment properties are revalued periodically and the aggregate surplus or deficit is transferred to a revaluation reserve

The Companies Act 2006 requires tangible fixed assets to be depreciated systematically over their useful economic lives. However, investment properties are held for investment rather than consumption, the director therefore considers that depreciation on a systematic basis would not be appropriate in this case and that the accounting policy adopted is necessary for the accounts to give a true and fair view. Depreciation is only one of the many factors reflected in the periodic valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.
