The Noise Abatement Society

Report of the Trustees
for the year ended 30th June 2015

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 30th June 2015. The trustees have adopted the provisions of the Statement of Recommended Practice (SORP) 'Accounting and Reporting by Charities' issued in March 2005.

Executive Committee
Gloria Elliott - Chief Executive
Lisa Lavia - Managing Director

STRUCTURE, GOVERNANCE AND MANAGEMENT
Governing document
The company was incorporated on 31 January 2012 and gained charitable status on 1 March 2012.

Its governing document is its Memorandum and Articles of Association dated 31 January 2012.
STRUCTURE, GOVERNANCE AND MANAGEMENT
Recruitment and appointment of new trustees
The number of Directors shall be not less than three but (unless otherwise determined by ordinary resolution) shall not be subject to any maximum.

The first Directors shall be those persons notified to Companies House as the first Directors of the Charity.

The Charity may by ordinary resolution:

1) Appoint a person who is willing to act to be a Director; and

2) Determine the rotation in which any additional Directors are to retire.

Directors
The Directors of the NAS are extremely active in their contribution to the running of the Society and they continue to give their time free to the Society. Thanks especially due to the Chairman David Lane.

Risk management
The trustees have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

OBJECTIVES AND ACTIVITIES
Objectives and aims
The major objective of the Noise Abatement Society is to reduce unnecessary noise and to raise awareness of the destructive nature of noise pollution which profoundly affects public health, productivity and quality of life.

This aim is achieved through providing short and long term solutions, campaigning, education, research, working with industry and providing a UK dedicated noise help line to advise the public on all noise issues.

Public benefit
In shaping our objectives and planning our activities for the year, the Trustees have given consideration to the duties set out in section 17(5) of the Charities Act 2011 to have due regard to public benefit. In particular, the Trustees have considered how the planned activities will contribute to the overall aims and objectives that they have set.

The Trustees believe that their report sets this out.
ACHIEVEMENT AND PERFORMANCE
Charitable activities 2014/15
Calls to the NAS national noise helpline have once again been consistent with previous years over the past 12 months. Many members of the public are seriously affected by the impact of excessive noise on their lives which is mainly associated with neighbour/neighbourhood activity. As testament to this fact NAS is regularly called upon to provide media commentary regarding the adverse effects of noise pollution on public health, wellbeing, and amenity.

Call data is used to support evidence of noise disturbance for NAS campaign purposes, and sponsorship is still being sought to support the cost and possible expansion of this valuable service.

NAS has conducted extensive meetings throughout the year consolidating relationships and building support with its diverse stakeholders including government, local government, industry, trade bodies, and the public to expand awareness and understanding of noise pollution in its many forms and gain support for NAS' campaigns and solutions to these problems.

There has been further exploration of ways to work with industry as corporate or research partners, encouraging manufacturers to think of 'quiet' as a unique selling point, to design in low-noise operation at R&D stage.

NAS has also visited many industrial sites to view best practices in noise mitigation which may then be disseminated to others.

Defra Noise Stakeholder Forum - NAS continues as a pro-active contributor to the Noise Stakeholder Forum hosted by Defra twice a year.

Both Gloria Elliott and Lisa Lavia were asked to make numerous radio and television broadcasts on the subject of noise throughout the year, helping to highlight the work of the Noise Abatement Society.

Love Your Ears (trade mark) - Further pilots of the NAS schools programme have been carried out in Sussex this year and many teachers have shown their support for this important project. Data collected shows the desperate need for educating young people to help them reduce the time and level of listening to their music devices to prevent premature hearing loss. NAS is seeking funding for this programme to be rolled out across the UK.

Noise from Entertainment Venues: NAS liaised with Music Venues Trust to widen understanding about noise issues and collaborative solutions to the growing problem of noise from entertainment venues. This resulted in NAS being invited to participate on a panel discussion before an audience of over 200 music venue owners about the issues.

Silent Approach (trade mark) - NAS continued to carry out site assessments, campaigning and research throughout the year for Transport for London as part of TfL's programme to encourage Re-Timing of urban deliveries; NAS was asked by TfL to be a supporter partner for the follow up event from last year's inaugural Quiet Cities event at Twickenham (London) on October 26th 2015 called Freight in the City highlighting the value of Quiet, Clean and Safe City deliveries and organised once again by Road Transport Media.

NAS continued to be a member of the Retiming Delivery Consortium, chaired by the FTA and organised by TfL to work with an ever growing membership drawn from a wide ranging spectrum of industry and local authorities encouraging further uptake of quiet, clean, safe urban deliveries to increase public amenity, reduce noise pollution, and improve air quality and safety for vulnerable road users.

Freight in the City and Quiet Cities II - NAS was closely involved with promoting the benefits of quiet, retimed deliveries to senior policy makers and industry operators in the UK and abroad at two seminal conferences held during the year. These conferences set the framework for the rollout of the Silent Approach based programme nationally in the UK and to international audiences.

Quiet Delivery Standard - NAS is working with DHL and Transport for London to develop a new noise standard, based on NAS' Silent Approach scheme, which will be promoted to transport bodies and practitioners globally through Transport for London's global outreach of cites around the world. Our work with TfL is considered to be world-leading in this regard.
ACHIEVEMENT AND PERFORMANCE
Charitable activities 2014/15
Multi-Modal and Low Emissions - Inline with its remit to address wider environmental concerns in relation to noise, NAS is also expanding its outreach of the Silent Approach programme to manufacturers and operators of alternative fuel vehicles and multi-modal distribution channels including Shell, UK Ports operators and the UK Government, and discussions were started this year.

Soundscape - NAS MD Lisa Lavia is lead author of Chapter 10 on a book, to be published by Taylor & Francis, entitled "Soundscape and the Built Environment", edited by renowned academics Professors Jian Kang and Brigitte Schulte-Fortkamp. Lisa has also been awarded a 1-year (part time) inbound Industrial Research Sabbatical starting from September 2015 with The University of Sheffield (TUOS) to help establish applied soundscape studies at TUOS and further co-operation and education between the NAS, the public sector, and the public.

Future Sound Strategem Ltd - recognising the importance of the emerging industry of soundscape consulting and NAS' unique knowhow, expertise, and market position attained through its vast research, investigations, and involvement with the topic led by NAS MD Lisa Lavia, in December 2014 a new NAS trading offshoot was established to offer commercial consulting services and provide an income stream back to the NAS Charity. The company is expected to commence trading in 2015.

John Connell/NAS archives - The Wellcome Trust invited the NAS to transfer its archives where they could be made available for historical research. One of the Trust's current targeted collecting areas in Wellcome Library Special Collections is the impact of environment on health. The Trust recently acquired, and have catalogued, the archives of Environmental Protection UK (http://blog.wellcomelibrary.org/2013/11/theres-something-in-the-air-early-environmental-campaigners/ http://blog.wellcomelibrary.org/2013/11/more-from-the-epuk-archive-a-cow-with-a-gas-mask/ and also have a small amount of material in other collections relating to the Anti-Noise League of the 1930s. The Trust were very interested to find out more about the records of the Noise Abatement Society and after subsequent meetings and a review of the material took the collection to be a part of the first project to be based in The Hub at Wellcome Collections which is also focusing on issues of noise and stress: http://www.wellcomecollection.org/the-hub/current-residents.aspx

The Trustees and Executive were honoured to have the NAS Archives accepted for this prestigious collection and proud to have its acknowledgment of the historical and ongoing importance of the NAS in society and beyond.

Quiet Mark (trade mark) - the charity's trading arm continued to extend its reach and influence, promoting the work of the NAS, to international audiences at the prestigious Ideal Home Show in a stand sponsored by QM's industry partners and featuring a custom designed Quiet Tree House; the House was subsequently donated to charity by the sponsors and is being installed at the world renowned Kew Gardens in London in 2016, where it will be a monument and beacon to the work and ethos of the NAS.

In addition to its continuing global PR outreach to 1 billion+ consumers, in November 2015, Quiet Mark was short-listed in the prestigious Daily Telegraph Small Business of the Year Awards, once again underscoring the NAS' commitment to finding innovative, practical, and creative solutions to solving noise pollution problems for the benefit of all life.

Conclusion
The Directors feel that tremendous progress has taken place over the past year to increase NAS' credibility and opening up potential channels of revenue to sustain NAS programmes and fulfil its charitable aims.

The Trustees would like to express thanks to the Chief Executive of the NAS Gloria Elliott for her expertise and dedication, carrying out her full-time and hands-on work for the 19th consecutive year, without remuneration.

The Directors would also like to congratulate Managing Director Lisa Lavia for her incredible hard work and her depth of insight and vision which she has employed to the benefit of the Society in so many directions.

This formidable team are appreciated greatly for having enabled the NAS to achieve extraordinary growth in scope and credibility over the last few years on a very low budget and with limited resources.
ACHIEVEMENT AND PERFORMANCE
Charitable activities 2014/15

FINANCIAL REVIEW
Financial Results and Reserves policy
The results for the year are shown on pages 7 to 15.

It is the Trustees' policy to maintain adequate reserves to enable the Society to meet any unforeseen costs or cover any shortfall in expected subscriptions or other income equivalent to two months of resources expended.

The Society is very fortunate to have a very supportive corporate donor, Brigade Electronics, for whose generosity the Board of Directors would once again like to express its gratitude.

The Directors are also grateful for all donations made to help the work of The Noise Abatement Society, large or small, from members of the public and corporate members.

FUTURE PLANS
The efforts of the Executive during 2014 - 2015 have been expended in forging increased links with industry to enable the charity to increase its supporters by providing applied soundscape research on quiet practice methods and develop in such a way that product endorsement can be offered as well as increasing corporate sponsorship of the Society and its work.

We are pleased to report that the trading arm Quiet Mark Approval Limited is growing steadily as it has the long term aim of helping to sustain the NAS charitable foundation and its important work.

Likewise the prospects for Future Sound Strategem, and its ability to provide a future income stream to the NAS charity, look promising with initial interest and market research confirming the need for more advanced holistic tools and methodologies for the environmental consulting industry.

STATEMENT OF TRUSTEES RESPONSIBILITIES
The trustees (who are also the directors of The Noise Abatement Society for the purposes of company law) are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing those financial statements, the trustees are required to

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charity SORP;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by order of the board of trustees on 22/3/16 and signed on its behalf by:

M D Lane (Chair) - Trustee
Independent Examiner's Report to the Trustees of The Noise Abatement Society

I report on the accounts for the year ended 30th June 2015 set out on pages seven to fifteen.

Respective responsibilities of trustees and examiner
The charity's trustees (who are also the directors for the purposes of company law) are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year (under Section 144(2) of the Charities Act 2011 (the 2011 Act)) and that an independent examination is required.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under Section 145 of the 2011 Act
- to follow the procedures laid down in the General Directions given by the Charity Commission (under Section 145(5)(b) of the 2011 Act); and
- to state whether particular matters have come to my attention.

Basis of the independent examiner's report
My examination was carried out in accordance with the General Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statements below.

Independent examiner's statement
In connection with my examination, no matter has come to my attention:

(1) which gives me reasonable cause to believe that, in any material respect, the requirements
- to keep accounting records in accordance with Section 386 and 387 of the Companies Act 2006; and
- to prepare accounts which accord with the accounting records, comply with the accounting requirements of Sections 394 and 395 of the Companies Act 2006 and with the methods and principles of the Statement of Recommended Practice: Accounting and Reporting by Charities

have not been met, or

(2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

Balance Sheet - continued
At 30th June 2015

The charitable company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30th June 2015.

The members have not required the charitable company to obtain an audit of its financial statements for the year ended 30th June 2015 in accordance with Section 476 of the Companies Act 2006.

The trustees acknowledge their responsibilities for
(a) ensuring that the charitable company keeps accounting records that comply with Sections 386 and 387 of the Companies Act 2006 and
(b) preparing financial statements which give a true and fair view of the state of affairs of the charitable company as at the end of each financial year and of its surplus or deficit for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the charitable company.

These financial statements have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small charitable companies and with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The financial statements were approved by the Board of Trustees on 22/3/16 and were signed on its behalf by:

M D Lane (Chair) - Trustee

The notes form part of these financial statements
The Noise Abatement Society

notes to the financial statements
for the year ended 30th June 2015

1. ACCOUNTING POLICIES

Accounting convention
The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), the Companies Act 2006 and the requirements of the Statement of Recommended Practice, Accounting and Reporting by Charities.

Incoming resources
Donations and legacies receivable are included in the accounts when they satisfy the following three criteria:

a) Entitlement - actual receipt or legally enforceable right to receipt
b) Certainty - reasonable certainty of receipt.
c) Measurement - the monetary value can be measured with sufficient reliability.

Income from investments is recognised on a receivable basis.

Income from charitable activities is recognised on a receivable basis.

Resources expended
Resources expended are included in the Statement of Financial Activities on an accruals basis, with irrecoverable VAT included with the item of expenditure to which it relates.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support the activities of the charity. All costs are allocated between expenditure categories of the SOFA on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly, others are apportioned based on estimated usage as a proportion of directly attributable expenditure.

Governance costs comprise the costs of complying with constitutional and statutory requirements, such as the costs of Board and Committee meetings and preparing statutory accounts and satisfying public accountability.

Investments
The Charity owns a controlling stake in Quiet Mark Approval Limited. The Charity has taken advantage of the exemption, afforded by Section 399 of the Companies Act 2006, from the requirement to produce group accounts on the grounds that it is a small group. A summary of the subsidiaries results has been included within the notes to the accounts.

Tangible fixed assets and depreciation
Tangible fixed assets are stated at cost less depreciation.

Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Fixtures, fittings & equipment - 20% straight line.

Stocks
Stock is values at the lower of cost and net realisable value.

Taxation
The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 Finance Act 2010 and therefore it meets the definition of a charitable company for UK Corporation Tax purposes. Accordingly the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 Corporation Tax Act 2010 or Section 236 of Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to chargeable purposes.
1. ACCOUNTING POLICIES - continued

Fund accounting
Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.
