Parent undertaking

The company is a wholly owned trading subsidiary of The Quality Assurance Agency for Higher Education (QAA), a charity and a company limited by guarantee. Principal activities

The company's objects, as outlined in its Articles of Association, are as follows:

It is intended that any surpluses from these activities will be gift-aided to QAA.

Results for the period

The company has recorded a profit of £1,398 (2014: £7,970). The directors consider this to be a reasonable result. The company did not provide any services in the year and the profit arises from an accrual release.

Statement of directors' responsibilities

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards) and applicable law. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently
- make judgements and estimates that are reasonable and prudent
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial

any other surround information to identify material inconsistencies with the audited financial

Matters on which we are required to report by exception

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
