Emphasis of matter

"Going concern

In forming our opinion on the financial statements, which is not modified, we have considered the adequacy of the disclosures made in notes to the financial statements concerning the company's ability to continue as a going concern The company incurred a net loss of £137,495 during the year ended 31 March 2011 and at that date, the company's current liabilities exceeded its total assets by £58,575 and it had net current liabilities of £159,980 These conditions, along with the other matters explained in note 1.1 to the financial statements, indicate the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern The financial statements do not include the adjustments that would result if the company was unable to continue as a going concern "
