Statement of Directors' Responsibilities

In respect of the preparation of the accounts

The directors are responsible for preparing the Annual Report and the accounts in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice. Company law requires the directors to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company and of the surplus or deficit of the company for that period. In preparing those accounts the directors are required to

- select suitable accounting policies and then apply them consistently
- make judgements and estimates that are reasonable and prudent
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the accounts comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Accounting Policies

- a) The accounts have been prepared under the historical cost convention
- b) Contributions from lessees comprise charges levied by the company to meet anticipated expenditure
- c) No depreciation is provided on freehold land or the buildings which are the subject of 999 year leases granted in 1981. The carrying value represents the freehold reversion. In the directors opinion depreciation is insignificant
- d) Where appropriate the presentation of the accounts has been amended from the format laid down by the Companies Act 1985. The directors believe this action is necessary in order for the accounts to show a true and fair view.
