NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS
for the year ended 31 December 2010

1. ACCOUNTING POLICIES

Basis of accounting

The abbreviated financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standards for Smaller Entities (effective April 2008), and the requirements of the Statement of Recommended Practice (SORP), "Accounting by Limited Liability Partnerships" published on 31 March 2006. The principal accounting policies are set out below. These have been applied consistently throughout the current year and prior period.

Turnover

Turnover account represents the value of investment advisory services provided during the period stated net of value added tax.

Fixed assets

All fixed assets are recorded at cost, less provision for depreciation and impairment.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Leasehold improvements	–	over length of the lease
Fixtures & fittings	–	over 5 years
Office equipment	–	over 3 years

Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to the profit and loss account on an accruals basis over the period of the lease.

Taxation

No provision for tax has been made as each partner will be responsible for their own tax liability.

Pension costs

The LLP operates a defined contribution scheme and the amounts charged to the profit and loss account in respect of pension costs are the contributions payable in the year.

Differences between contributions payable in the year and contributions actually paid are shown in either accruals or prepayments in the balance sheet.

Members' remuneration

The LLP agreement provides that fixed amounts, determined for each member each year, be paid to members, irrespective of the profits of the LLP. These amounts are included as an expense in the profit and loss account after arriving at "Profit for the Financial Year Before Members' Remuneration and Profit Shares".

A member's discretionary share in the profit or the loss for the year is accounted for as an allocation of profits. Unallocated profits and losses at the year end are included within "Members' Other Reserves".

NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS
 for the year ended 31 December 2010

1 ACCOUNTING POLICIES (continued)**Going concern**

Based on forecast profits and cash flows, the members deem that the LLP will have adequate financial resources to meet its obligations for the foreseeable future. The LLP also has long term contracts with established offshore funds in place. The Members are satisfied that the underlying investors in these funds are able to meet their commitments as and when they fall due. There has been no indication of any investor defaulting on their commitment.

As a consequence, the members believe that the LLP is well placed to manage its business risks successfully despite the current uncertain economic outlook. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.
