International Hoteliers (UK) Limited

Strategic report for the year ended 31 December 2016

The directors present their strategic report together with the audited financial statements for the year ended 31 December 2016.

Principal activities

The company continues to trade as an investment holding company. The company holds 100% share capital Churchill Group Limited, which operates the Hyatt Regency London - The Churchill Hotel, Portman Square, London. There have been no changes in the company's activities in the year under review.

Business review

The strategy will be to continue to develop its existing investments.

The statement of total comprehensive income is set out on page 6 and shows a loss for the year of £30,000 (2015 - profit of £2,910,000).

Detailed business review of the group has been presented in the financial statements of Havana Holdings (UK) Limited.

There have been no events since the balance sheet date which materially affect the position of the company.

Principal risks and uncertainties

The company's principal risks and uncertainties are same as that of its subsidiary.

The hospitality industry in London remains highly competitive and the hotel seeks to manage the risk of losing customers to key competitors by focusing on anticipating, meeting and exceeding the expectations of its customers, encouraging client loyalty and extending retention.

The ongoing refurbishment of all public areas and guest-room facilities demonstrates our commitment to re-establishing and re-positioning Hyatt Regency London - The Churchill as one of the leading hotels in London. We believe The Churchill is well placed to re-gain and sustain a definable advantage in its market place.

The hotel's credit risk is primarily attributable to its trade debtors. Credit risk is well managed by running credit checks on new and existing customers and by monitoring payments against contractual agreements.

Approval

This strategic report was approved by order of the Board on 29 September 2017

International Hoteliers (UK) Limited

Report of the directors for the year ended 31 December 2016

The directors present their report together with the audited financial statements for the year ended 31 December 2016.

Results and dividends

The results of the company for the year are set out on page 6 and show a loss for the year on ordinary activities after taxation of £30,000 (2015 - £2,910,000 profit).

No dividends have been paid during the year (2015 - £2,940,000). The directors do not recommend the payment of a final dividend.

Principal activities and review of the business

During 2014, both the headlease and the sublease for the hotel were extended. This transaction involved the company transferring the full economic benefits of the long lease to Churchill Group Limited.

Directors

The directors of the company during the year were:

M A Cairns
K Cooper
F Bakhos
J Al Thani
Z Guiziri

No director had any beneficial interest in the shares of the company at any time during the year.

Directors' responsibilities

The directors are responsible for preparing the strategic report, the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditors

All of the current directors have taken all the steps that they ought to have taken to make themselves aware of any information needed by the company's auditor for the purposes of their audit and to establish that the auditor is aware of that information. The directors are not aware of any relevant audit information of which the auditor is unaware.

BDO LLP have expressed their willingness to continue in office and a resolution to re-appoint them will be proposed at the annual general meeting.

Notes forming part of the financial statements for the year ended 31 December 2016

1 Accounting policies

The financial statements have been prepared in accordance with Financial Reporting Standard 100 *Application of Financial Reporting Requirements* and Financial Reporting Standard 101 *Reduced Disclosure Framework*. The principal accounting policies adopted in the preparation of the financial statements are set out below. The policies have been consistently applied to all the years presented, unless otherwise stated.

The financial statements have been prepared on a historical cost basis, except for the revaluation of certain properties and financial instruments. The presentation currency used is sterling and amounts have been presented in round thousands ("£000s").

Disclosure exemptions adopted

In preparing these financial statements the company has taken advantage of all disclosure exemptions conferred by FRS 101. Therefore these financial statements do not include:

- certain comparative information as otherwise required by EU endorsed IFRS;
- certain disclosures regarding the company's capital;
- a statement of cash flows;
- the effect of future accounting standards not yet adopted;
- the disclosure of the remuneration of key management personnel; and
- disclosure of related party transactions with other wholly owned members of the group headed by Havana Holdings (UK) Limited.

In addition, and in accordance with FRS 101 further disclosure exemptions have been adopted because equivalent disclosures are included in the consolidated financial statements of Havana Holdings (UK) Limited.

The financial statements of Havana Holdings (UK) Limited can be obtained as described in note 13.

Going concern

The balance sheet at the end of the year showed net current liabilities of £1,288,000 (2015 - £1,258,000).

The company's subsidiary undertaking, Churchill Group Limited, has confirmed that it will provide such financial support as the company may require in order to meet its liabilities as they fall due. As a result, the directors consider it appropriate to prepare the financial statements on a going concern basis.

Basis of consolidation

The company has taken advantage of the exemption not to submit group accounts as the company is itself a wholly owned subsidiary of an EC parent company incorporated in Great Britain (see note 13). The financial statements present information about the company as an individual undertaking and not about its group.

Valuation of investments

Investments held as fixed assets are stated at cost less any provision for diminution in value.

Operating leases

Annual rentals paid on operating leases are charged to the profit and loss account on a straight line basis over the term of the lease.

The company makes certain estimates and assumptions regarding the future. Estimates and judgements are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the future, actual experience may differ from these estimates and assumptions. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

12 Operating lease commitments

Company acts as a lessee:

The company holds the headlease to the hotel, however, subleases the hotel to its subsidiary. The company does not recognise a leasehold asset for the premium paid for the headlease as the future economic benefits of the lease will be obtained by Churchill Group Limited. Therefore the company recognises the premium paid as an investment in subsidiary to reflect the substance of the situation. However, legally the company is entitled to receive rentals under the underlease. The future minimum lease payments arising from non-cancellable operating leases are shown in the following table:

	2016 £'000	2015 £'000

Barclays Bank plc has a charge over the assets and leasehold property held by the company in relation to The Churchill Hotel. This charge is in place in relation to the bank loan held by one of the company's parent undertakings, Havana Holdings (UK) Limited. At 31 December 2016, the balance due from Havana Holdings (UK) Limited to Barclays Bank plc was £98,000,000 (2015 - £98,000,000). This balance forms part of a joint loan facility with a related party for a total of £220,000,000 of which the company is a joint guarantor.
