NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 AUGUST 2012

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The financial statements have been prepared in accordance with the Statement of Recommended Practice, "Accounting by Limited Liability Partnerships", published in 2006 and the Companies Act 2006

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and the Limited Liability Partnership Statement of Recommended Practice, which have been applied consistently (except as otherwise stated)

1.3 Turnover

Turnover represents amounts receivable from the rental of the investment property, excluding value added tax

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows

Investment properties are included in the balance sheet at their open market value. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 (as applied by The Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008) for all tangible assets to be depreciated. In the opinion of the members compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified

Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve

1.5 Investments

Fixed asset investments are stated at cost less provision for diminution in value
