TU FUND MANAGERS LIMITED

STRATEGIC REPORT

YEAR ENDED 31 MARCH 2014

The directors have pleasure in presenting their report and the financial statements of the group for the year ended 31 March 2014.

PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The principal activity of the group during the year was the management of a unit trust. Both companies in the group, including TU Additions Ltd, are authorised and regulated by the Financial Conduct Authority.

Notwithstanding market volatility during the financial year and regular withdrawals by unit holders, funds under management increased to £70.3m (2013: £68.4m) and the year end financial position of the group was satisfactory. The directors do not anticipate any changes to the group's principal activity in the foreseeable future.

The group profit before tax and gift aid payment for the financial year was £10,215 (2013: profit £25,742). A gift aid payment of £20,000 was approved for payment to the TUUT Charitable Trust, the parent company of TU Fund Managers Limited (2013 : £20,000).

The directors consider the key performance indicators are those that communicate the financial performance and strength of the company as a whole, these being turnover, profitability and funds under management. The results and the change in funds under management have been reported above.

RESULTS AND DIVIDENDS

The group loss for the year after tax and gift aid payment amounted to £12,082 (2013: profit of £2,635). The directors have not recommended a dividend.

FINANCIAL INSTRUMENTS

The group's principal financial instruments comprise authorised unit trust investments, bank balances, trade creditors and trade debtors. The main purpose of these instruments is to raise funds for and to finance the group's operations.

In respect of the authorised unit trust investments the group ensures that there is a ready market for the sale of units and actively monitors their price.

In respect of bank balances the liquidity risk is managed by maintaining a balance sufficient to meet the funds required for the group's operations. The group makes use of money market facilities where funds are available.

Trade debtors are managed in respect of credit and cash flow risk by ensuring that management fees are collected within 30 days of the due date.

Trade creditors' liquidity risk is managed by ensuring sufficient funds are available to meet amounts due.

The group's Risk & Compliance Committee consider the wider business risk facing the group as well as the financial risks arising in the normal course of business and sets policies for managing each of these risks to minimise potential adverse effects on the group's performance.

FUTURE DEVELOPMENTS

The company has been on a conciliation phase as we sought to establish new products and markets given the lack of big opportunities for our unit trust product. The group's financial position has stabilised since the funds merger and TU Additions Ltd has now become a successful addition to our business and continues to grow it's client base. This will allow us to give more of our surpluses to our owner charity much of whose focus has been to support food banks and we applaud this action.

TU FUND MANAGERS LIMITED

POLICY ON THE PAYMENT OF CREDITORS

The company's policy is to agree terms with individual suppliers and to abide by those terms.

DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the group for that year. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any

material departures disclosed and explained in the financial statements;

- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and company's transactions and disclose with reasonable accuracy at any time the financial position of the group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the directors are aware:

- there is no relevant audit information of which the group's auditor is unaware; and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

TU FUND MANAGERS LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDER OF TU FUND MANAGERS LIMITED

YEAR ENDED 31 MARCH 2014

We have audited the group and parent company financial statements ("the financial statements") of TU Fund Managers Limited for the year ended 31 March 2014, which comprise the Group Profit and Loss Account, the Group Balance Sheet, the company Balance Sheet, the Group Cashflow Statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's shareholder; as a body, in accordance with Chapter 3 of Section 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's shareholder those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's shareholder as a body, for our audit work, for this report, or for the opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITOR

As explained more fully in the Directors' Responsibilities Statement set out on pages 3 to 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

SCOPE OF THE AUDIT OF THE FINANCIAL STATEMENTS

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the group's and the parent company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by directors; and the overall presentation of the financial statements.

In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

OPINION ON FINANCIAL STATEMENTS

In our opinion the financial statements:

- give a true and fair view of the state of the group's and parent company's affairs as at 31 March 2014 and of the group's result for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

OPINION ON OTHER MATTERS PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

TU FUND MANAGERS LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDER OF TU FUND MANAGERS LIMITED *(continued)*

YEAR ENDED 31 MARCH 2014

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

TU FUND MANAGERS LIMITED
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 MARCH 2014

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets and in accordance with applicable accounting standards.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the company and all group undertakings. These are adjusted, where appropriate, to conform to group accounting policies. Acquisitions are accounted for under the acquisition method and goodwill on consolidation is capitalised and written off over five years from the year of acquisition. The results of companies acquired or disposed of are included in the profit and loss account after or up to the date that control passes respectively. As a consolidated profit and loss account is published, a separate profit and loss account for the parent company is omitted from the group financial statements by virtue of section 408 of the Companies Act 2006.

Turnover

The turnover shown in the profit and loss account represents net initial charges in the unit trusts plus annual management fees charged thereto. It also represents commissions received for investment advice. Turnover also represents amounts received and income earned which have yet to be received.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Fixtures & Fittings	-	10 years straight line
Equipment	-	3 years straight line

Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.

Pension costs

The company operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the company. The annual contributions payable are charged to the profit and loss account.

TU FUND MANAGERS LIMITED
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED 31 MARCH 2014

1. ACCOUNTING POLICIES (cont'd)

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Financial instruments

All investments are initially recorded at cost, being the fair value of the consideration given and including acquisition costs associated with the investment. All purchases and sales of investments are recognised using trade date accounting.

After initial recognition, investments, which are classified as held for trading and available-for-sale, are measured at fair value. Gains or losses on investments held for trading are recognised in the profit and loss account. Gains or losses on available-for-sale investments are recognised as a separate component of equity until the investment is disposed of or until its value is impaired, at which time the cumulative gain or loss previously reported in equity is included in the profit and loss account.

Investments classified as held-to-maturity are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in the profit and loss account when the investment is derecognised, or impaired, as well as through the amortisation process.

Investments are fair valued using quoted market prices, independent appraisals, discounted cash flow analysis or other appropriate valuation models at the balance sheet date.

2. TURNOVER

The turnover and loss before tax are attributable to the one principal activity of the group.

An analysis of turnover is given below:
