EVENTS AFTER THE END OF THE REPORTING PERIOD

On 11 March 2020, the World Health Organisation declared the Coronavirus (Sars-CoV-2) outbreak to be a pandemic in recognition of its rapid spread across the globe, with over 150 countries now affected. Many governments are taking increasingly stringent steps to help contain or delay the spread of the virus. Currently, there is a significant increase in economic uncertainty which is, for example, evidenced by more volatile asset prices and currency exchange rates.

For the Company's 31 December 2019 financial statements, the Coronavirus outbreak and the related impacts are considered non-adjusting events. Consequently, there is no impact on the recognition and measurement of assets and liabilities. Whilst there is uncertainty as to the outcome of the current events, on the Company's financial position, results of operations and cash flows in the future, there is no impact on the going concern status of the Company.
