Statement of directors' responsibilities in respect of the Directors' Report and the Financial Statements

The directors are responsible for preparing the Annual Report and the Financial Statements in accordance with applicable law and regulations.

Company law requires the directors to prepare Financial Statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the directors must not approve the Financial Statements unless they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

Notes (forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

Basis of preparation

The Company has considered the revised financial reporting standards for the UK and Ireland effective from 1 January 2015. The financial statements have been prepared under the historical cost accounting rules and in accordance with applicable accounting standards.

Under Financial Reporting Standard 1 “Cash Flow Statements” the Company is exempt from the requirement to prepare a cash flow statement on the grounds that a parent company includes the Company in its own published consolidated financial statements.

As 100% of the Company’s voting rights are controlled within the group headed by Akzo Nobel N.V., the Company has taken advantage of the exemption contained in Financial Reporting Standard 8 “Related Party Disclosures” and has therefore not disclosed transactions or balances with entities which form part of the group.
