**Notes to the Abbreviated Accounts
for the Year Ended 30 November 2013**

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Deferred tax

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred taxation is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Going concern

The financial statements have been prepared on a going concern basis even though at the balance sheet date the company had net liabilities amounting to £10,893 and made a net loss for the year of £2,886.

The company's ability to continue as a going concern is contingent on the willingness of the immediate parent company to provide financing to the company. The parent company has expressed its willingness to provide financial support for the next 12 months as from the date of approval of the financial statements in order for the company to meet its current liabilities. The directors therefore continue to adopt the going concern basis of accounting.

2. CALLED UP SHARE CAPITAL

Allotted, issued and fully paid:

Number:	Class:	Nominal value:	30.11.13 £	30.11.12 £
1	Ordinary	£1	<u>1</u>	<u>1</u>

3. ULTIMATE PARENT COMPANY

De Barte Gelderland B.V. (incorporated in The Netherlands) is regarded by the directors as being the company's ultimate parent company.
