1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents the value, net of value added tax and discounts, of goods provided to customers and work carried out in respect of services provided to customers

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives

Fixtures and fittings	25% reducing balance
Office equipment	25% reducing balance

Stocks

Stock is valued at the lower of cost and net realisable value

Deferred taxation

Full provision is made for deferred taxation resulting from timing differences between the recognition of gains and losses in the accounts and their recognition for tax purposes. Deferred taxation is calculated on an un-discounted basis at the tax rates which are expected to apply in the periods when the timing differences will reverse

Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account

Pensions

The company has a deficit on the balance sheet and made a loss this year. However, the long term funding for the company is by way of a directors' loan account. The directors have made a commitment not to seek repayment of the loan within the foreseeable future. The directors are
