STRATEGIC REPORT

ACTIVITIES

The principal activity of the Company is investment in asset backed loan notes issued by Finance for Residential Social Housing PLC.

BUSINESS REVIEW AND KEY PERFORMANCE INDICATORS

During the period the Company maintained its investment in asset backed notes. The directors expect the level of activity to remain at the same level in the forthcoming financial year.

The existing loan agreement with The Royal Bank of Scotland plc provides a cash margin to cover its ongoing expenses and to provide a profit. The average margin for the year is 0.14% (2014: 0.13%) which is calculated by dividing net interest income with loan asset.

Profit during the year £3,000 (2014: £6,000). Net asset position as at end of 2015 £32,000 (2014: £29,000)

RISK MANAGEMENT POLICIES AND PROCEDURES

The principal risks facing the Company are liquidity risk, interest rate risk and credit risk. These risks have been monitored on an ongoing basis during the year and the Company has policies in place to mitigate these risks, as summarised below.

Liquidity risk

Liquidity risk is the risk that the Company is unable to meet its obligations as they fall due.

The Company reduces its liquidity risk by matching the maturity profile of the Company's funding to the maturity profile of the assets being funded. Currently the Company holds Series 3 loan note issued by Finance for Residential Social Housing PLC which is funded by a loan whereby the Company's funding effectively matches the underlying assets.

Interest rate risk

The Company financed the investment in Finance for Residential Social Housing plc Series 3 loan notes by borrowing funds denominated in Sterling from The Royal Bank of Scotland plc. This funding carries a fixed interest rate of 6.50% minus an adjustment rate (which is calculated to provide the Company with an increasing cash margin over the life of the loan) and the investment in Finance for Residential Social Housing plc yields a fixed interest rate of 6.50%. The interest rate risk is therefore mitigated as the interest received on investment is always higher than the interest paid on loan.

Credit risk

The Company regularly monitors its investment in Finance for Residential Social Housing Plc to ensure that it is recoverable.

ORCHARDBROOK LIMITED

Annual Report and Financial Statements for the year ended 31 December 2015

STRATEGIC REPORT

GOING CONCERN RISK

The Company is financed by a loan which is repayable on the maturity date of October 2058 or on the settlement date of Series 3 notes, whichever is earlier. The Company earns a margin between the interest income from its investment in asset backed notes over the interest expense on the loan funding sufficient to cover its administrative expenses.

After making enquiries, and considering the uncertainties described above, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. For these reasons, they continue to adopt the going concern basis in preparing the annual report and accounts.

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ORCHARDBROOK LIMITED

We have audited the financial statements of Orchardbrook Limited for the year ended 31st December 2015 which comprises the Profit and Loss account, the Statement of Financial Position, the Statement of Changes in Equity and the Cash Flow Statement and the related notes 1 to 18. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31st December 2015 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

NOTES TO THE FINANCIAL STATEMENTS

1. ACCOUNTING POLICIES

A summary of the principal accounting policies, all of which have been applied consistently throughout the year and the preceding year, is set out below:

General Information and basis of accounting

Orchardbrook Limited is a company incorporated in the United Kingdom under the Companies Act. The nature of the Company's operations and its principal activities are set out in the Directors' and Strategic report.

The financial statements have been prepared under historical cost convention and in compliance with Financial Reporting Standard 102 (FRS 102) issued by Financial reporting Council. The financial statements have been prepared on a going concern basis as explained in the Directors' and Strategic report.

This is the first year in which the financial statements are prepared in accordance with FRS102. The date of transition is 1 January 2015.

The changes as a result of adoption of FRS 102 have had no material effect on the Company's financial statements for the year ended 31 December 2015 and 2014.

The functional currency of Orchardbrook Limited is considered to be pounds sterling because that is the currency of the primary economic environment in which the Company operates.

Due to the fact that the nature of the business is to provide loan finance, the directors are of the opinion that it is more appropriate to use interest income and interest expense rather than turnover and cost of sales in preparing the Profit and Loss Account.

Going concern

The Company is financed by a loan which is repayable on the maturity date of October 2058 or on the settlement date of Series 3 notes, whichever is earlier. The Company earns a margin between the interest income from its investment in asset backed notes over the interest expense on the loan funding sufficient to cover its administrative expenses.

After making enquiries, and considering the uncertainties described above, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. For these reasons, they continue to adopt the going concern basis in preparing the annual report and accounts.

Financial Instruments

In accordance with Financial Reporting Standard 102, the provisions of Section 11 and 12 have been adopted in full with respect to the recognition and measurement of financial instruments.

Financial assets and liabilities are recognised on Company's Statement of Financial Position when the Company becomes party to the contractual provisions of the instrument.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits with banks together with short-term highly liquid investments that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value are classified as loans and receivables. Interest income receivable on cash and cash equivalents is accounted for on an accruals basis using the effective interest rate method.

Short-term debtors and creditors

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price.

Financial assets

Non-derivative financial assets with fixed or determinable repayments that are not quoted in an active market are classified as loans and receivables.

ORCHARDBROOK LIMITED

Annual Report and Financial Statements for the year ended 31 December 2015

NOTES TO THE FINANCIAL STATEMENTS

ACCOUNTING POLICIES (CONTINUED)

Financial Instruments (Continued)

Loans and receivables are initially recognised at fair value plus directly related transaction costs. They are subsequently measured at amortised cost using the effective interest method less any impairment losses.

All financial assets are classified as loans and receivables unless otherwise indicated.

Financial liabilities

Non-derivative financial liabilities are measured at amortised cost using the effective interest method.

Interest income

Investment income is accounted for on an accruals basis using effective interest rate method. The effective interest rate is the rate that exactly discounts all estimated future cash payments or receipts through the expected life of the financial instrument. Investment income includes interest receivable on the Series 3 loan notes acquired from Finance for Residential Social Housing Plc.

Interest expense

Interest expense paid on The Royal Bank of Scotland loan is accounted for on an accruals basis using the effective interest rate method. The effective interest rate is the rate that exactly discounts all estimated future cash payments or receipts through the expected life of the financial instrument.

Impairment of assets

Assets, other than those measured at fair value, are assessed for indicators of impairment at each balance sheet date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss.

For financial assets carried at cost less impairment, the impairment loss is the difference between the asset's carrying amount and the best estimate of the amount that would be received for the asset if it were to be sold at the reporting date.

Taxation

Provision is made for taxation at current enacted rates on taxable profits, arising in income or in equity.

Deferred taxation is accounted for in full for all temporary differences between the carrying amount of an asset or liability for accounting purposes and its carrying amount for tax purposes.

Deferred tax assets are only recognised to the extent that it is probable that they will be recovered.

Critical accounting policies and key sources of estimation uncertainty

The preparation of financial statements in conformity with UK company law requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expense, in order to determine the amortised cost balance of these instruments. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements on carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates used in the financial statements.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both the current and future periods.

2. DIRECTORS AND EMPLOYEES

None of the directors received any emoluments for their services to the Company during the year (2014: £nil).

None of the directors had any material interest in any contract of significance in relation to the business of the Company (2014: £nil).

The Company does not have any employees (2014: none).

14. FINANCIAL INSTRUMENTS

The Company's financial instruments comprise of fixed rate notes, loans payable and cash. Accrued interest income, accrued interest payable and other items arise, from its operations.

The principal risks facing the Company are liquidity risk, interest rate risk and credit risk. These risks have been monitored on an ongoing basis during the year and the Company has policies in place to mitigate these risks, as summarised below.

Liquidity risk

Liquidity risk is the risk that the Company is unable to meet its obligations as they fall due.

The Company reduces its liquidity risk by matching the maturity profile of the Company's funding to the maturity profile of the assets being funded. Currently the Company holds Series 3 loan note issued by Finance for Residential Social Housing PLC which is funded by a loan whereby the Company's funding effectively matches the underlying assets.

18. EXPLANATION OF TRANSITION TO FRS 102

This is the first year that the Company has presented its financial statements under Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council. The last financial statements under previous UK GAAP were for the year ended 31 December 2014 and the date of adoption of FRS 102 was therefore 1 January 2015. The Company has presented the Statement of Changes in Equity on page 10 of the financial statements in the current year. There were no other significant measurement, classification and presentation changes as a result of adoption of FRS102.
