### **Strategic Report for the Year Ended 31 December 2016**

The Directors present their strategic report for the year ended 31 December 2016.

#### **Principal activity**

The principal activity of the company is to raise finance on behalf of fellow subsidiary undertakings.

#### **Fair review of the business**

The results for the year are set out in the profit and loss account on page 5 and the position of the company as at the year end is set out in the balance sheet on page 7.

The company has a 47% economic interest in the partnership capital of Priory Finance Property LLP.

Given the straightforward nature of the business, the company's directors are of the opinion that analysis using key performance indicators is not necessary for an understanding of the development, performance or position of the business. The development, performance and position of Partnerships in Care UK 1 Limited, an intermediate parent of the company, is discussed in the group's financial statements which includes the company and does not form part of this report.

#### **Principal risks and uncertainties**

From the perspective of the company, the principal risks and uncertainties are integrated with the principal risks of the group and are not managed separately. Accordingly, the principle risks and uncertainties of Partnerships in Care UK 1 Limited, which include those of the company, are discussed in the group's financial statements which do not form part of this report.

Approved by the Board on 31 August 2017 and signed on its behalf by:

David Hall

## Directors' Report for the Year Ended 31 December 2016

The Directors present their report and the financial statements for the year ended 31 December 2016.

### Directors of the Company

The directors who held office during the year were as follows:

Tom Riall (resigned 30 November 2016)

Mark Moran (resigned 1 March 2016)

Trevor Torrington (appointed 30 November 2016)

Nigel Myers (appointed 30 November 2016)

The directors do not recommend the payment of a final dividend (2015: £nil). No dividends were paid during the year (2015: £nil).

### Financial instruments

The company's operations mean that it is exposed to a variety of financial risks that include the effects of changes in credit risk, liquidity risk and interest rate risk. The directors monitor the risks in order to limit the adverse effects on the financial performance by reviewing levels of debt finance and the related finance costs, however these are integrated with the risks of the group and not managed separately. Accordingly, the financial risk management policies of Partnerships in Care UK 1 Limited, which include those of the company, are discussed in the group's annual report which does not form part of this report.

### Future developments

The future developments of the company are aligned to the strategy of the UK Group, headed by Partnerships in Care UK 1 Limited. The group's strategy for the future development of the business is included in the group's annual report, which does not form part of this report.

### Going concern

The intermediate parent company, Partnerships in Care UK 1 Limited, has confirmed that it will continue to provide financial support to the company for the foreseeable future and for at least twelve months from the date of approval of these financial statements. Accordingly the financial statements have been prepared on the going concern basis.

### Auditors

The company is incorporated in the Cayman Islands and registered in both the Cayman Islands and the UK. The company is not required to publish audited financial statements. The purpose of these financial statements is to meet the obligations for filing in both the UK and the Cayman Islands. The filing requirements for the Cayman Islands are significantly less in scope than those for the UK. These financial statements have been prepared in accordance with applicable UK accounting standards and UK companies' legislation as applied to overseas companies and under the historical cost convention. References in these financial statements to the Companies Act and other legislation are therefore references to UK legislation. These financial statements comply the Companies Act 2006 as applied to overseas companies.

Approved by the Board on 31 August 2017 and signed on its behalf by:

### **Statement of Directors' Responsibilities**

The Directors acknowledge their responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## Notes to the Financial Statements for the Year Ended 31 December 2016

### 1 General information

The company is a private company limited by share capital incorporated in Cayman Islands.

The address of its registered office is:

c/o M&C Corporate Services Ltd  
PO Box 309GT  
Ugland House  
South Church Street  
George Town  
Cayman Islands

These financial statements were authorised for issue by the Board on 31 August 2017.

### 2 Accounting policies

#### Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

#### Basis of preparation

The financial statements are presented in sterling, rounded to the nearest thousand. They are prepared on a going concern basis and under the historical cost convention. The principal accounting policies applied in the preparation of these financial statements are set out below, and, unless otherwise stated, these policies have been consistently applied to all the periods presented.

#### Summary of disclosure exemptions

The principle disclosure exemptions adopted by the company in accordance with FRS 102 are as follows:

- Statement of cash flows;
- Certain financial instrument disclosures;
- Disclosure of key management personnel compensation;
- Disclosures in respect of related party transactions entered into between fellow group companies (the company has no other related party transactions); and
- Roll-forward reconciliations in respect of share capital.

The company has taken advantage of the exemption, under FRS 102 from preparing a statement of cash flows, on the basis that it is a qualifying entity and its intermediate parent company, Partnerships in Care UK 1 Limited, includes the company's cash flows in its own consolidated financial statements.

#### Going concern

The financial statements have been prepared on a going concern basis.

## **Priory Finance Company Limited**

### **Notes to the Financial Statements for the Year Ended 31 December 2016 (continued)**

#### **2 Accounting policies (continued)**

##### **Tax**

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Deferred income tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements and on unused tax losses or tax credits in the Company. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and a valuation allowance is set up against deferred tax assets so that the net carrying amount equals the highest amount that is more likely than not to be recovered based on current or future taxable profit.

##### **Investments**

Investments in equity shares which are publicly traded or where the fair value can be measured reliably are initially measured at fair value, with changes in fair value recognised in profit or loss. Investments in equity shares which are not publicly traded and where fair value cannot be measured reliably are measured at cost less impairment.

Interest income on debt securities, where applicable, is recognised in income using the effective interest method. Dividends on equity securities are recognised in income when receivable.

##### **Share capital**

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

#### **3 Directors' remuneration**

The costs relating to the directors' services have been borne by Priory Central Services Limited, a fellow group company. No amounts have been recharged (2015: £nil) to the company in respect of the directors' services and the directors do not believe that it is practical to allocate these costs between group companies.

### Notes to the Financial Statements for the Year Ended 31 December 2016 (continued)

#### 4 Taxation

Tax charged/(credited) in the income statement

	<b>2016</b> <b>£ 000</b>	<b>2015</b> <b>£ 000</b>
<b>Current taxation</b>		
UK corporation tax	(8)	(2,668)
<b>Deferred taxation</b>		
Arising from origination and reversal of timing differences	<u>2,408</u>	<u>1,647</u>
Tax expense/(receipt) in the income statement	<u>2,400</u>	<u>(1,021)</u>

The tax on profit before tax for the year is higher than the standard rate of corporation tax in the UK (2015 - lower than the standard rate of corporation tax in the UK) of 20% (2015 - 20.25%).

The differences are reconciled below:

	<b>2016</b> <b>£ 000</b>	<b>2015</b> <b>£ 000</b>
Profit/(loss) before tax	<u>-</u>	<u>-</u>
Corporation tax at standard rate	-	-
Deferred tax expense (credit) relating to changes in tax rates or laws	376	731
Deferred tax expense (credit) from unrecognised temporary difference from a prior period	3,275	(12)
Increase (decrease) in UK and foreign current tax from adjustment for prior periods	(8)	(617)
Tax increase (decrease) from other short-term timing differences	(1,210)	(1,074)
Tax increase (decrease) from transfer pricing adjustments	<u>(33)</u>	<u>(49)</u>
Total tax charge/(credit)	<u>2,400</u>	<u>(1,021)</u>

The standard rate of corporation tax in the UK changed from 21% to 20% with effect from 1 April 2015. Accordingly, the company's profits for this accounting year are taxed at an effective rate of 20.00% (2015: 20.25%).

The main rate of corporation tax has been reduced from 20% to 19% with effect from 1 April 2017 and from 19% to 17% with effect from 1 April 2020. These rate reductions were substantively enacted before the year end and as the directors consider the deferred tax balances are expected to largely reverse after 1 April 2010, the tax rate used for deferred tax at the year end is 17%.
