CHAIRMAN'S STATEMENT

I am pleased to report that the disruption in the financial markets and the slowdown in the commercial and residential property markets, which have been extensively reported in the media, have not materially affected the performance of your Company and that for the year ended 25th March 2008 the Company has delivered a very satisfactory financial performance, which provides a sound base for further growth

Overview of financial performance

The financial performance may be summarised as follows

	Change	2008	2007*
• Net income before property revaluation, disposals and taxation	+ 51.8%	£862,000	£568 000
• Dividends per share, paid and proposed	+ 6.2%	9 45p	8 9p
• Net asset value per share	+ 4.1%	550p	528p
• Adjusted net asset value per share **	+ 2.0%	572p	561p

* 2007 figures have been restated in accordance with International Financial Reporting Standards

** Adjusted net asset value per share is net asset value determined in accordance with International Financial Reporting Standards and adjusted to exclude the provision for deferred tax on unrealised gains arising on the revaluation of the investment portfolio

The growth in net income before property revaluation, disposals and taxation in 2008 reflects both the receipt of the lease surrender of £135,000, referred to later in this statement, as well as the substantial reduction in finance costs following the sale of property in 2007 and the resultant loan repayment

As with the interim results on which I reported in November 2007, the financial statements included in this report have been prepared in accordance with International Financial Reporting Standards (IFRS) rather than, as previously, under UK Generally Accepted Accounting Principles (GAAP). The main impact of this change is a requirement to provide for deferred tax on unrealised gains which could potentially arise from the annual revaluation of investment properties in the portfolio to their market value. In previous years, this liability was quantified and reflected in the notes, rather than actually being provided for in the financial statements. The deferred tax provided in the financial statements at the year end amounts to £693,000, which equates to 22p per share.

As Wynnstay is an investment company, and this tax liability would only arise in the event of a disposal of properties in the portfolio, we have, in common with many other property companies, shown our net asset value per share in the summary above and in the financial statements both as in accordance with IFRS as well as adjusted to exclude this tax liability.

Property Management

Property income rose by just under 2% reflecting a number of new leases and licences granted and satisfactory rent review settlements negotiated during the year, notably at our retail premises in Gosport and at our industrial unit at Alton. Paul Williams has engaged actively and positively with our tenants and, as a result, the portfolio is fully income producing with the exception of one small office suite in Colchester and, once again, we have not suffered from any bad debts during the year.

Portfolio

As at 25th March 2008, our Independent Valuers, Sanderson Weatherall, have undertaken the annual valuation of the company's portfolio at £21,380,000, representing a like-for-like reduction of £135,000, or under 1% over the year. This is a very satisfactory outcome given conditions in the market and reflects well on our sale and purchase strategy as well as on our choice of investments. Whilst a general softening of yields and well-publicised unfavourable conditions in the commercial property market generally led to reductions in value for some properties, in our case this was counterbalanced by increases in value for others reflecting new leases granted, successful rent reviews or changes in lease conditions securing longer term rental income.

During the year Paul Williams has been very active in seeking out new opportunities. As I have made clear in the past, it is important to be selective in making additions to the portfolio and during the year we have been offered a number of investments in southern England and the south Midlands.

Just before the year end, we entered into negotiations to purchase an industrial estate at Aylesford in Kent and I was pleased to be able to announce its acquisition on 2nd June. This freehold industrial/warehouse estate built in the early 1980's comprises 18 self-contained units of varying size, in three blocks totalling just over 50,430 sq ft and was acquired for £4,530,000. The estate, which is now our largest single asset by value, is fully let to 15 tenants and currently produces an annual total rent of £367,204. It fits very well with our property acquisition requirements in terms of type, location and size and will provide opportunities for active asset management which should be value enhancing in the medium to longer term.

We have continued to evaluate the prospects for the redevelopment and change of use of certain of our properties. This is a time-consuming process but one which, where we are successful in obtaining planning permission, is considered capable of delivering further value to Shareholders.

Following the revaluation, as at the year end the industrial sector within the portfolio accounted for 63% by value, with the retail and office elements comprising 24% and 13% respectively. Following the addition of the recently acquired Aylesford estate referred to above, the industrial sector now accounts for 70% by value, with the retail and office elements comprising 20% and 10% respectively.

Borrowings and Gearing

Last year we were able to fully repay our variable rate borrowings, although the unutilised element of the facility remained fully available for drawdown to finance future acquisitions and has in fact been used to finance the acquisition of the Aylesford estate. Net borrowings at the year end were £2.71 million, compared with £3.16 million last year and, with Shareholders' Funds having increased by £0.7 million, net gearing at the year-end fell to 15.6% compared with 19.0% last year on a like-for-like basis.

Costs

As I reported at the interim stage, we undertook a review of our fixed overheads and took certain decisions that will significantly reduce our running costs. In addition, you will have noted that we have reclassified this year certain direct property costs that in prior years had been included in administrative costs. In addition to other cost reduction exercises, in December we were able to surrender the lease of our offices for which we received a capital payment of £135,000 which is reflected in the income statement, and we have since relocated to smaller and more cost-effective premises in Holborn. The relocation gave rise to certain one-off costs, but significant overhead savings of in excess of £100,000 per annum are anticipated for the current year and thereafter.

Taxation

Tax in the income statement beneficially reflects a tax credit of £155,000 following the changes to the industrial buildings allowance regime. Furthermore, following the revaluation of the investment property portfolio on 25th March 2008, the deferred tax provision has been reduced by £328,000.

Dividend

The Directors are recommending a total dividend for the year of 9.45p per share, compared with 8.9p last year, representing a 6.1% increase. An interim dividend of 2.6p was paid in December 2007 and subject to approval of Shareholders at the Annual General Meeting a final dividend of 6.85p per share will be paid on 1 August 2008 to Shareholders on the register on 4 July 2008.

Outlook

When I wrote to you in June 2007 with our results for last year, I remarked that a number of commentators had been calling the top of the property investment market for some time. In my interim statement in November 2007,

I noted that financial markets had witnessed a period of significant dislocation and uncertainty as a result of the so-called "credit crunch" originating from the problems in the US sub-prime lending market but which rapidly spread to banks and markets elsewhere, including the UK, and that this had begun to have an effect on the commercial property market

Whilst the effect on the commercial property market has been severe, with some retail funds being forced to divest to meet redemption demands from investors and a much reduced deal flow it has not materially affected your Company which remains in a strong financial position, with a diverse portfolio and low gearing. Indeed, as in the case of our Aylestord acquisition, the present uncertainty in the market may provide further opportunities for us to invest in commercial property on appropriate terms where we can see medium to long-term benefits for Shareholders

One consequence of the events in the financial markets has been the peaking and subsequent reduction of interest rates which is advantageous for your Company. However, continued uncertainty in interbank lending has meant that the benefit of reductions in base rate have not been passed on to borrowers who are borrowing on a variable rather than a fixed rate basis

Board and Management Changes

As reported last year Peter Kirkland, our Finance Director and Company Secretary, retired following the Annual General Meeting in July. Toby Parker was appointed as a Director on 26th July 2007 and to the position of Company Secretary with effect from the beginning of August 2007. I am pleased to report that he has settled in extremely well and has made a very positive contribution, working effectively with Paul Williams especially in relation to the arrangements for our office move and the upgrading of our accounting systems

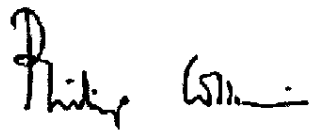

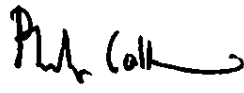

Annual General Meeting

Our Annual General Meeting will be held at the Royal Automobile Club at 12 noon on Wednesday 16th July 2008. We had an excellent attendance last year and received positive feedback from a number of Shareholders. As always, I would encourage as many Shareholders as possible to attend this important event which provides an opportunity to learn more about Wynnstay and to meet the Directors as well as other Shareholders

Colleagues and Advisers

I would like to express my grateful appreciation to Paul Williams and Toby Parker to my fellow Directors and to our professional advisers for their support and advice throughout the past successful year

WYNNSTAY PROPERTIES PLC

REPORT OF THE DIRECTORS 2008

The Directors present their One Hundred and Twenty-Second Annual Report, together with the audited Financial Statements of the Company and its subsidiaries for the year ended 25th March 2008

Principal Activity

The principal activity of the Group during the year continued to be that of Property Owners, Developers and Managers

Profit for the Year

The net income for the year after taxation amounted to £978,000 (2007 – £3,745,000) Details of movements in reserves are set out in the statement of changes in equity on page 18

Business Review, Performance Indicators and Risks

A review of the business for the year and of the future prospects of the Group is included in the Chairman's Statement on pages 4 to 6 The financial statements are set out on pages 13 to 32

The key performance indicators for the Company are those relating to the underlying growth in both rental income and in the value of its property investments

The principal risks and uncertainties are those normally associated with the real estate market, which is cyclical by its nature and include changes in the supply and demand for space as well as the inherent risk of tenant failure In the latter case, the Company seeks to reduce this risk by requiring the payment of rent deposits when considered appropriate

Other risk factors include changes in legislation in respect of taxation and the obtaining of planning consents, etc as well as those associated with financing and treasury management, where the Company's policy is to ensure that a substantial proportion of its borrowings is arranged at fixed rates of interest

Dividends

The Directors have decided to recommend a final dividend of 6.85 pence per share for the year ended 25th March 2008 payable on 1st August 2008 to those Shareholders on the register on 4th July 2008 This dividend, together with the interim dividend of 2.6 pence paid on 18th December 2007, represents a total for the year of 9.45 pence (2007 – 8.9 pence)

Investment properties

The investment properties have been valued by Sanderson Weatherall on the basis of Market Value at 25th March 2008 The movement in investment properties is set out in Note 10 on page 23

Directors' Responsibilities in respect of the preparation of Financial Statements

Company Law requires the Directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Group and the Company and of the profit or loss of the Group for that period In preparing those financial statements, the Directors are required to

- Select suitable accounting policies and then apply them consistently
- Make judgements and estimates that are reasonable and prudent
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements
- Prepare the financial statements on the going concern basis, unless it is inappropriate to presume that the company will continue in business

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Group and to enable them to ensure that the financial statements comply with the Companies Act 1985 They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities

Directors' and Officers' Liability Insurance

The Group has maintained Directors' and Officers' insurance as permitted by the Companies Act 1985

WYNNSTAY PROPERTIES PLC

REPORT OF THE DIRECTORS 2008 continued

Substantial Interests

At the date of this report, the Directors have been notified or are aware of the following interests, which are in excess of three per cent of the issued Ordinary Share Capital of the Company

	No. of Ordinary Shares of 25p	Percentage of Issued Share Capital
Mr P G H Collins	850,836	26.97%
Channel Hotels and Properties Ltd	448,500	14.21%
Mr H J A Bird	179,280	5.68%

Employees

Where appropriate, employees are informed on issues which are of interest to, or concern them. The Group's policy is to recruit and develop its employees on the basis of their suitability, experience and aptitude and regardless of sex, creed, race, nationality or disability.

Payment to Suppliers

It is the Group's policy to pay suppliers according to agreed terms and conditions, provided that these are met. The Group does not have a standard or code which deals specifically with the payment of suppliers. The average period in the case of the parent company for which payment was outstanding during the year ended 25th March 2008 was 7 days (2007 – 21 days).

Corporate Governance

The Company has considered the principles and provisions of the Combined Code on Corporate Governance issued by the Financial Reporting Council in June 2006 and applied them to the extent considered appropriate by the Board given the size of the Group.

- The Company is headed by an effective Board which leads and controls the Group.
- There is a clear division of responsibilities in running the Board and running the Group's business.
- The Board currently comprises two executive and three non-executive Directors. The Chairman is a non-executive member of the Board. In view of the size of the Group there is no formal procedure for the appointment of new Directors.
- The Board receives and reviews on a regular basis financial and operating information appropriate to the Directors being able to discharge their duties. An annual budget is approved by the Board and a revised forecast is prepared at the half year stage. Cashflow and other financial performance indicators are monitored monthly against budget.
- Directors submit themselves for re-election every three years by rotation in accordance with the Articles of Association.
- The Board welcomes communication from the Company's Shareholders and positively encourages their attendance at the Annual General Meeting.
- In view of the current size of the Group and its Board the establishment of an audit committee or an internal audit department would be inappropriate. However, the auditors to the Group have direct access to the non-executive Chairman.

WYNNSTAY PROPERTIES PLC

REPORT OF THE DIRECTORS 2008 continued

Remuneration Committee

The Board currently acts as the remuneration committee, the details of the Directors' emoluments being set out above. It is the Company's policy that the remuneration of Directors should be commensurate with services provided by them to the Group.

Going Concern

The Directors have a reasonable expectation that the Group has adequate resources to continue in existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements.

Financial Risk Management Objectives

The company's financial risk management objectives can be found in note 20 of the financial statements.

Internal Control

The Directors are responsible for the Group's system of internal financial control, which is designed to provide reasonable, but not absolute, assurance against material misstatement or loss. In fulfilling these responsibilities, the Board has reviewed the effectiveness of the system of internal financial control. The Directors have established procedures for planning and budgeting and for monitoring, on a regular basis, the performance of the Group.

Statement as to disclosure of information to auditors

Each of the persons who are Directors at the time when this report is approved has confirmed that

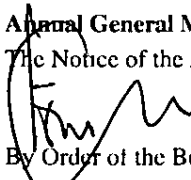

- so far as each Director is aware, there is no relevant audit information of which the Company's auditors are unaware, and
- each Director has taken all the steps that ought to have been taken as a Director, including making appropriate enquiries of fellow Directors and the Company's auditors for that purpose, in order to be aware of any information needed by the Company's auditors in connection with preparing their report and to establish that the Company's auditors are aware of that information.

Donations

The Group made no charitable or political donations during the year.

Annual General Meeting

The Notice of the Annual General Meeting, to be held on Wednesday 16th July 2008, is set out on page 34.

INDEPENDENT AUDITORS' REPORT

TO THE SHAREHOLDERS OF WYNNSTAY PROPERTIES PLC

We have audited the group and parent company financial statements (the "financial statements") of Wynnstay Properties plc for the year ended 25 March 2008 which are set out pages 13 to 32. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing financial statements in accordance with applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union are set out in the Statement of Directors' Responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and whether the financial statements have been properly prepared in accordance with the Companies Act 1985. We also report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements.

In addition we report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read other information contained in the Annual Report and consider whether it is consistent with the audited financial statements. This other information comprises only the Directors' Report, the Chairman's Statement, and the five year Financial Review. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the group and parent company financial statements. Our responsibilities do not extend to any other information.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the group's and company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

WYNNSTAY PROPERTIES PLC

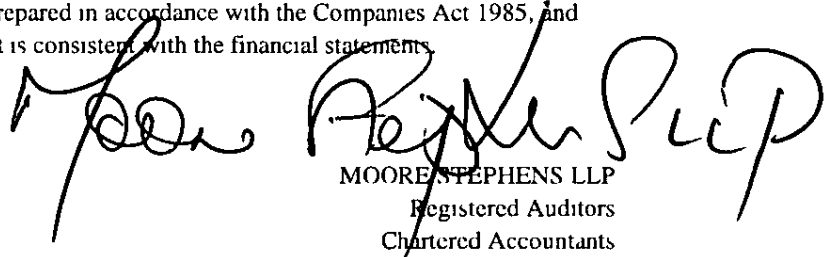

INDEPENDENT AUDITORS' REPORT continued

Opinion

In our opinion

- the group financial statements give a true and fair view, in accordance with IFRSs as adopted by the European Union, of the state of the group's affairs as at 25 March 2008 and of its profit for the year then ended,
- the parent company balance sheet gives a true and fair view, in accordance with IFRSs as adopted by the European Union as applied in accordance with the provisions of the Companies Act 1985, of the state of the parent company's affairs as at 25 March 2008,
- the financial statements have been properly prepared in accordance with the Companies Act 1985, and
- the information given in the Directors' Report is consistent with the financial statements.

WYNNSTAY PROPERTIES PLC AND ITS SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 25TH MARCH 2008

1. ACCOUNTING POLICIES

Wynnstay Properties PLC is a public limited company incorporated and domiciled in England Wales. The principal activity of the company and group is property investment, development and management. The Company's ordinary shares are traded on the Alternative Investment Market.

Basis of Preparation and Consolidation

The Group Accounts have been prepared in accordance with International Financial Reporting Standards ("IFRS") as adopted by the EU. This is the first year in which the financial statements have been prepared under, and comply with IFRS. The disclosures required by IFRS 1 concerning the transition from UK GAAP to IFRS are given in note 25. The financial statements have been presented in pounds sterling being the functional currency of the company.

The consolidated financial statements comprise the results of the Company and its subsidiary undertakings drawn up to 25th March each year.

New Standards and Interpretations

International Accounting Standards Board (IASB) and International Financial Reporting Interpretations Committee (IFRIC) have issued the following standards and interpretations with an effective date after the date of these statements:

International Accounting Standards (IAS/IFRSs)

IFRS 2	Amendment to IFRS - Vesting Conditions and Cancellations
IFRS 3	Business Combinations (revised January 2008)
IAS 1	Presentation of Financial Statements (revised September 2007)
IAS 23	Borrowing Costs (revised March 2007)
IAS 27	Consolidation and Separate Financial Statements (revised January 2008)

International Financial Reporting Interpretations Committee (IFRIC)

IFRIC 11	IFRS 2 Group and Treasury Share Transactions
IFRIC 12	Service Concession Arrangements
IFRIC 13	Customer Loyalty Programmes
IFRIC 14	IAS 19 - The Limit on a Defined Benefit Asset Minimum Funding Requirements and their interaction

The directors do not currently anticipate that the adoption of these standards and interpretations will have a material impact on the Group's financial statements in the period of initial application.

IFRS 8 (Operating Segments) has been adopted early.

Key Sources of Estimation Uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that may affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period. The key sources of estimation uncertainty that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year are those relating to the fair value of investment properties.

Investment Properties

All the Group's investment properties are revalued annually and stated at fair value at 25th March. The aggregate of any resulting surpluses or deficits are taken to the income statement.

Depreciation

In accordance with IAS 40 freehold and leasehold investment properties are included in the balance sheet at fair value, and are not depreciated. Leasehold improvements are amortised over the period of the underlying lease.

WYNNSTAY PROPERTIES PLC AND ITS SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 25TH MARCH 2008

Depreciation of other plant and equipment is on a straight line basis calculated at annual rates estimated to write off each asset over its useful life of 5 years

Disposal of Investments

The gains and losses on the disposal of investment properties and other investments are included in the income statement in the year of disposal

Property Income

Property Income represents the value of accrued charges under operating leases for rental of the Group's properties. Revenue is measured at the fair value of the consideration received. All income is derived in the United Kingdom

Taxation

The tax expense represents the sum of the tax currently payable and deferred tax. Current tax is the expected tax payable on the taxable income for the year based on the tax rate enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of prior years. Taxable profit differs from income before tax as reported in the income statement because it excludes items of income or expense that are deductible in other years, and it further excludes items that are never taxable or deductible.

Deferred taxation is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profits, and is accounted for using the balance sheet liability method. Deferred tax liabilities are recognised for all taxable temporary differences (including unrealised gains on revaluation of investment properties) and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised.

Deferred tax is calculated at the rates that are expected to apply in the period when the liability is settled, or the asset is realised. Deferred tax is charged or credited in the income statement, including deferred tax on the revaluation of investment property.

Investments

Investments in subsidiaries are stated at cost less provision for impairment. Quoted investments are recognised as held at fair value, and are measured at subsequent reporting dates at fair value, which is either at the bid price, or the latest traded price, depending on the convention of the exchange on which the investment is quoted. Changes in fair value are recognised in the income statement.

Trade and other accounts receivable

Trade and other receivables are initially measured at fair value as reduced by appropriate allowances for estimated irrecoverable amounts. All receivables do not carry any interest and are short term in nature.

Cash and cash equivalents

Cash comprises cash at bank and on demand deposits. Cash equivalents are short term, repayable on demand and which are subject to an insignificant risk of change in value.

Trade and other accounts payable

Trade and other payables are initially measured at fair value. All trade and other accounts payable are not interest bearing.

Comparative information

The information for the year ended 25 March 2007 has been extracted from the latest published audited financial statements as restated to comply with IFRS.

Pensions

Pension contribution towards employees' pension plans are charged to the income statement as incurred.

The Board recommends the payment of a final dividend of 6.85p per share, which will be recorded in the Financial Statements for the year ending 25th March 2009

9. EARNINGS PER SHARE

Basic earnings per share are calculated by dividing net income after taxation attributable to Ordinary Shareholders of £978,000 (2007 £3,745,000) by the weighted average number of 3,155,267 ordinary shares in issue during the period (2007 3,155,267). There are no instruments in issue that would have the effect of diluting earnings per share.

Normalised earnings per share have been calculated by deducting profit on disposal of investment properties of £nil (2007 £1,046,000) set out in Note 5, from net income after taxation attributable to Ordinary Shareholders and dividing the resulting figure by the same weighted average number of shares in issue for each year.

The Group's freehold investment properties were valued at £21,380,000 by Independent Valuers, Sanderson Weatherall, Chartered Surveyors, as at 25th March 2008, in accordance with the RICS Appraisal and Valuation Standards, on the basis of Market Value, defined as

"The estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm's-length transaction, after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion."

Freehold investment properties would have been shown at an historical cost of £12,484,000 (2007 £12,484,000) if revaluations had not been undertaken.

20. FINANCIAL INSTRUMENTS

The objective of the Group's policies is to manage the Group's financial risk, secure cost effective funding for the Group's operations and to minimise the adverse effects of fluctuations in the financial markets on the value of the Group's financial assets and liabilities, on reported profitability and on the cash flows of the group.

At 25th March 2008 the Group's financial instruments comprised borrowings and cash at bank and in hand. The main purpose of these financial instruments was to raise finance for the Group's operations. Throughout the period under review, the Group has not traded in any other financial instruments and the fair value of the Group's financial assets and liabilities at 25th March 2008 is not materially different from their book value. The Board reviews and agrees policies for managing each of the risks as summarised below.

Interest Rate Risk

The Group finances its operations through a combination of retained profits and bank borrowings. The Group's policy is to borrow at fixed and floating rates of interest. As disclosed in note 17, interest was fixed on £3,600,000 of the Group's bank borrowings until 31st March 2011. Under the terms of its renewed £8,500,000 term loan facility, it is required to fix the interest rate on not less than 60% of any borrowings against this facility until its maturity at 31st March 2011.

Credit Risk

The risk of financial loss due to a counterparty's failure to honour its obligations arises principally in connection with property lease and the investment of surplus cash.

Tenant rent payments are monitored regularly and appropriate action is taken to recover monies owed or, if necessary, to terminate the lease. Funds may be invested and loan transactions contracted only with banks and financial institutions with a high credit rating.

WYNNSTAY PROPERTIES PLC AND ITS SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 25TH MARCH 2008

20. FINANCIAL INSTRUMENTS (continued)

The Group has no significant concentration of credit risk associated with trading counterparties (considered to be over 5% of net assets) with exposure spread over a large number of tenancies

Concentration of credit risk exist to the extent that at 25th March 2008 and 2007, current account and short term deposits were almost entirely held with one financial institution, N M Rothschild & Sons Limited. Maximum exposure to credit risk on cash and cash equivalents at 25th March 2008 was £888 000 (2007 £637,000)

Price Risk

The Group's exposure to changing market prices on the value of financial instruments may have an impact on the carrying value of financial instruments and would arise principally as a result of entering into transactions to fix interest rates on the Group's borrowings

As the Group's assets and liabilities are denominated in Pounds Sterling, there is currently no exposure to currency risk. The interest rate profile of the Group's financial liabilities was as follows

	2008	2007
	£'000	£'000
Floating rate borrowings	-	(200)
Less Cash balances	888	637
	<u>888</u>	<u>437</u>

Interest Rate Risk

The interest rate profile of the Group's financial assets was as follows

	2008	2007
	£'000	£'000
Fixed rate	-	-
Floating rate	888	637
	<u>888</u>	<u>637</u>

Floating rate financial assets comprise cash and short term deposits at call and money market rates for up to 30 days and institutional cash funds

The maturity of the Group's financial liabilities was as follows

	2008	2007
	£'000	£'000

20. FINANCIAL INSTRUMENTS (continued)

Liquidity Risk

As regards liquidity, the Group has ensured continuity of funding, so that the majority of its borrowings should mature more than one year hence. Cash at bank and in hand at 25th March 2008 amounted to £888,000. Details of the Company's bank borrowings are set out in note 17.

Market Rate Sensitivity

Financial instruments affected by market risk include borrowings and cash deposits. The analysis below shows the sensitivity of the income statement and net assets to a change in interest rates of 0.5% on the Group's financial instruments.

	0.5% decrease in interest rates		0.5% increase in interest rates

Impact on net interest receivable - gain/(loss)	(4)	(3)	4	3
Total impact on pre tax income	<u>14</u>	<u>16</u>	<u>(14)</u>	<u>(16)</u>

Capital Management

The primary objectives of the Group's capital management are:

- to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders and
- to enable the Group to respond quickly to changes in market conditions and to take advantage of opportunities.

Capital comprises shareholders equity plus net borrowings. The Group monitors capital using loan to value and gearing ratios. The former is calculated by reference to total net debt as a percentage of the year end valuation of the investment property portfolio. Gearing ratio is the percentage of net borrowings divided by shareholders equity. Net borrowings comprises total borrowings less cash and cash equivalents.

The Group's policy is that the loan to value ratio should not exceed 65% and that the gearing ratio should not exceed 100%. The policy complies with a loan covenant that limits the borrowings to not more than 70% of the value of the underlying security.

25. TRANSITION TO INTERNATIONAL FINANCIAL REPORTING STANDARDS ('IFRS') (cont)

Notes to the reconciliation

(a) Investments are designated as held at fair value under IFRS and are carried at bid price. Previously under UK GAAP they were carried at cost. The aggregate difference increases retained earnings through the income statement.

(b) Movements in the fair value of investment properties are required to be shown through the income statement under IFRS and are now included as retained earnings. Under UK GAAP these movements were reflected through the revaluation reserve.

(c) Under IFRS, provision is made for the potential tax arising in the event that the investment properties were sold at the relevant period end, with movement being reflected through the income statement.

Restatement of Cash flow Statement

Whilst the format of the cashflow statement is different from UK GAAP, there are no material differences to group cashflow under previous GAAP and IFRS.
