Statement of trustees' responsibilities

United Kingdom company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its surplus or deficit for that period. In doing so the trustees are required to:

- (1) select suitable accounting policies and then apply them consistently,
- (2) make judgements and estimates that are reasonable and prudent,
- (3) state whether applicable accounting standards have been followed, and
- (4) prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for the system of internal control, safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Notes to the accounts year ended 30 November 2010

1 Accounting policies

The financial statements are prepared under the historical cost convention and in accordance with the Statement of Recommended Practice, Accounting and Reporting by Charities (SORP 2006) applicable United Kingdom accounting standards and the Companies Act. The principal accounting policies adopted in the preparation of the financial statements are described below.

Donations and grants

Income from donations and grants, including capital grants, is included when these are receivable, except as follows:

- (1) When donors specify that donations and grants given to the charity must be used in future accounting periods, the income is deferred until those periods.
- (2) When donors impose conditions which have to be fulfilled before the charity becomes entitled to use such income, the income is deferred in incoming resources until the pre-conditions for use have been met.

When donors specify that donations and grants, including capital grants, are for particular restricted purposes, which do not amount to pre-conditions of entitlement, this income is included in incoming resources of restricted funds when receivable.

Income raised by project workers for resource investment represents those funds which were legally donated to the charity during the course of the financial year ended 30 November 2010. Additional funds were raised in the year by Oxford, Cambridge and UCL university societies. These additional funds were directly expended on Kenya Education Partnerships charitable activities in East Africa.

Activities for generating funds: KEP Piano Bar Event

Income and expenditure related to the event are recognised in the period in which it occurs.

Gifts in kind

Gifts in kind donated for distribution are included at valuation and recognised as income when they are distributed to the projects.

Resources expended

Resources expended are included in the Statement of Financial Activities on an accruals basis, inclusive of any VAT which cannot be recovered.

Tangible fixed assets

Individual fixed assets costing £1,000 or more are capitalised at cost. No such assets are held.

Fund accounting

Funds held by the charity are either:

- (1) *Unrestricted general funds*: these are funds which can be used in accordance with the charitable objects at the discretion of the trustees.
- (2) *Designated funds*: these are funds set aside by the trustees out of unrestricted general funds for specific future purposes or projects in accordance with the charitable objects.
- (3) *Restricted funds*: these are funds that can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for specific particular restricted purposes.
