## **Airwork Limited**

### **Annual report**

### **Strategic report for the year ended 31 March 2015**

The directors present their strategic report on the Company for the year ended 31 March 2015.

#### **Principal activities**

The principal activity of the Company is the provision of technical support predominantly in the field of military aircraft maintenance and repair.

#### **Review of the business**

	<b>2015</b>	2014
	<b>£000</b>	£000
Turnover	<b>6,950</b>	6,799
Operating profit for the financial year	<b>288</b>	345

The Company's principal business continues to be the supply of manpower under a subcontract arrangement to the Company's subsidiary company, Airwork Technical Services and Partners LLC, in connection with the Royal Air Force of Oman contract. The increase in turnover since the previous year is primarily due to a higher volume of sales of aircraft parts to established customers in the Middle East, particularly the Kuwait Air Force and the Royal Air Force of Oman.

During the previous year the Company issued a Group loan of £14,000,000 to Babcock International Support Services Limited. This is reported within amounts owed from Group undertakings and accrues nil interest.

#### **Future developments**

The directors have specifically considered the trading position of the Company with respect to the contract with the Royal Air Force of Oman, given that the current contract is due to expire on 31 December 2015. However, the directors are confident about the future trading prospects of the Company in light of the historic relationship with the Royal Air Force of Oman and additional emerging opportunities in the Middle East.

#### **Principal risks and uncertainties**

The management of the business and the execution of the Company's strategy are subject to a number of risks and uncertainties. These are managed through the operational review process supplemented at Group level by independent challenge and review by the Group Risk Manager and the Audit and Risk Committee.

The key risks and uncertainties affecting the Company are considered to be related to the political and regulatory environment. The directors manage this risk by meeting on a regular basis to discuss these risks.

Further discussion of these risks and uncertainties, in the context of the Group as a whole, is provided on pages 60 to 69 of the annual report of Babcock International Group PLC, which does not form part of this report.

**Key performance indicators**

The Company's activities are managed on a divisional basis. For this reason, the Company's directors believe that analysis using key performance indicators for the Company is not necessary or appropriate for an understanding of the development, performance or position of the Company. The growth and performance of Babcock International, a division of Babcock International Group PLC, which includes the Company, is discussed on pages 30 to 47 of the Group's report, which does not form part of this report.

**Financial risk management**

Information on the Financial Risk Management of the Company can be found in the Directors' report.

### **Annual report**

#### **Directors' report for the year ended 31 March 2015**

The directors present their report and the audited financial statements of the Company for the year ended 31 March 2015.

#### **Future developments**

Information on the future developments of the Company can be found in the strategic report.

#### **Results and dividends**

The Company's results for the year are set out in the profit and loss account on page 10 showing a profit for the financial year of £308,000 (2014: £625,000). At 31 March 2015, the Company had net current assets of £15,140,000 (2014: £14,832,000). A review of the Company's business during the year, together with information on the Company's risks and uncertainties are provided in the strategic report.

No dividends were paid or proposed during the current or comparative year.

#### **Financial risk management**

The Company's operations expose it to a variety of financial risks that include the effects of changes in price risk, credit risk and liquidity risk. The Company has in place a risk management programme that seeks to limit adverse effects on the financial performance of the Company by monitoring levels of debt finance and the related finance costs.

Given the size of the Company, the directors have not delegated the responsibility of monitoring financial risk management to a sub-committee of the board. The policies set by the board of directors of Babcock International Group PLC are implemented by the Group and Company's finance department. The department has a policy and procedures manual that sets out specific guidelines to allow it to manage interest rate risk, credit risk and circumstances where it would be appropriate to use financial instruments to manage these.

##### *Price risk*

The Company is exposed to price risk as a result of its operations. This risk is mitigated by specific functions which assess pricing in respect of both selling and procurement activities. The Company has no exposure to equity securities price risks as it holds no listed equity investments.

##### *Credit risk*

The Company has implemented policies that require appropriate credit checks on potential customers before sales are made. The Company also monitors existing customer accounts on an on-going basis and takes appropriate action where necessary to minimise any potential credit risk. Cash and bank balances are held with banks that have been assigned satisfactory credit ratings by international credit rating agencies.

##### *Liquidity risk*

The Company retains access to pooled cash resources to ensure it has sufficient available funds for operations. The Company also has access to longer term funding from its ultimate parent undertaking if required.

---

**Airwork Limited****Annual report****Directors' report** *(continued)***Financial risk management** *(continued)**Foreign exchange risk*

The Company is exposed principally to fluctuations in the exchange rates between pound sterling and the Oman Rial. This risk is managed in conjunction with the Group treasury function.

**Directors**

The directors who held office during the year and up to the date of signing the annual report were as follows:

J Davies  
K Cornfield  
R Stoate  
R Taylor

**Employment of disabled persons**

Applications for employment by disabled persons are always fully considered, bearing in mind the respective aptitudes and abilities of the applicant concerned. In the event of members of staff becoming disabled, every effort is made to ensure that their employment with the Company continues and the appropriate training is arranged. It is the policy of the Company that the training, career development and promotion of a disabled person should, as far as possible, be identical to that of a person who does not suffer from a disability.

**Employee involvement**

Consultation with employees or their representatives has continued at all levels, with the aim of ensuring that their views are taken into account when decisions are made that are likely to affect their interests and that all employees are aware of the financial and economic performance of their business units and of the Company as a whole. Communication with all employees continues through the in-house newspaper and newsletters, briefing groups and the distribution of the annual report.

**Safety policy**

The Company recognises the promotion of health and safety at work as an important objective. It is Company policy to take steps to ensure, as far as reasonably practical, the health, safety and welfare of the employees of the Company.

## **Airwork Limited**

#### **Directors' report** *(continued)*

##### **Environment**

The Company recognises its responsibility to minimise so far as reasonably possible the potential for adverse impacts from its operations. It aims to achieve the highest standards in environmental management and seek accreditation to appropriate standards where appropriate.

The Company has developed and implemented an environmental policy to ensure that the impact of its activities on the environment is limited to the minimum practicable level.

##### **Statement of directors' responsibilities**

The directors are responsible for preparing the strategic report, directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

##### **Directors' protection**

Babcock International Group PLC also provides protections for directors of Companies within the Group against personal financial exposure they may incur in their capacity as such. These include qualifying third party indemnity provisions (as defined by Companies Act 2006) for the benefit of members of Babcock International Group PLC, including, where applicable, in their capacity as a director of the Company and other companies within the Group. These indemnities came into force in 2012 and remain in force.

**Disclosure of information to auditors**

Each director, as at the date of this report, has confirmed that in so far as they are aware there is no relevant audit information of which the Company's auditors are unaware, and they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of this information.

## **Airwork Limited**

### **Annual report**

#### **Independent auditors' report to the members of Airwork Limited**

##### **Report on the financial statements**

##### **Our opinion**

In our opinion, Airwork Limited's financial statements (the "financial statements"):

- give a true and fair view of the state of the company's affairs as at 31 March 2015 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

##### **What we have audited**

The financial statements comprise:

- the Balance sheet as at 31 March 2015;
- the Profit and loss account for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in the preparation of the financial statements is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

##### **Opinion on other matter prescribed by the Companies Act 2006**

In our opinion, the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

##### **Other matters on which we are required to report by exception**

##### **Adequacy of accounting records and information and explanations received**

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

##### **Directors' remuneration**

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

**Responsibilities for the financial statements and the audit**

**Our responsibilities and those of the directors**

As explained more fully in the Statement of directors' responsibilities set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

**What an audit of financial statements involves**

We conducted our audit in accordance with ISAs (UK & Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

**Airwork Limited****Annual report****Notes to the financial statements**

*(forming part of the financial statements)*

**1. Accounting policies**

The following accounting policies have been applied consistently throughout the year.

***Basis of preparation***

These financial statements have been prepared on the going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006 and UK generally accepted accounting principles. The principal accounting policies are summarised below.

The Company is exempt by virtue of s400(1) of the Companies Act 2006 from the requirement to prepare Group financial statements. These financial statements present information about the Company as an individual undertaking and not about its Group.

After making enquiries, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. The directors have also considered the trading position of the Company with respect to the current contract with the Royal Air Force of Oman, specifically the contract end date of 31 December 2015, and have concluded that the Company has sufficient prospects in terms of future potential business. Accordingly, the directors consider it appropriate to continue to adopt the going concern basis in preparing these financial statements.

The Company is a wholly-owned subsidiary of Babcock International Group PLC. Consequently, the Company has taken advantage of the exemption available under FRS 8 not to disclose details of transactions with Babcock International Group PLC or other Group undertakings, and is included in the consolidated financial statements of Babcock International Group PLC which are publicly available. In addition the Company has taken advantage of the exemption from preparing a cash flow statement under the terms of FRS 1 (revised 1996).

***Investments***

Fixed asset investments are recorded at cost plus incidental expenses less any provision for impairment. Impairment reviews are performed by the directors when there has been an indication of potential impairment.

***Stocks***

Stocks are stated at the lower of cost, on a first in first out basis, and net realisable value. Cost of stocks includes all expenditure incurred in acquiring the stocks and bringing them to their existing location and condition. Provision is made, where necessary, for obsolete, slow-moving and defective stock.

**Notes to the financial statements (continued)**

**1. Accounting policies (continued)**

***Turnover***

Turnover represents the value of services provided net of value added tax and trade discounts. Turnover is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

***Sale of goods***

Turnover is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer and can be reliably measured.

***Rendering of services***

Turnover from services rendered is recognised by reference to the stage of completion of the transaction. Turnover from services provided on a short-term or one-off basis is recognised when the service is complete.

***Taxation***

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. Deferred taxation is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19 'Deferred tax'. Deferred taxation assets are recognised only to the extent that in the opinion of the directors, there is reasonable probability that the asset will crystallise in the foreseeable future. Deferred tax is measured at the average rates that are expected to apply in the periods in which the timing differences are expected to reverse based on tax rates and laws that have been substantively enacted by the balance sheet date.

***Pensions costs and other post-retirement benefits***

The Company participates in a Group-wide pension scheme providing benefits based on final pensionable pay. The assets of the scheme are held separately from those of the Company. The Company is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and reasonable basis and therefore, as required by FRS 17 'Retirement benefits', accounts for the scheme as if it were a defined contribution scheme. As a result, the amount charged to the profit and loss account represents the contributions payable to the scheme in respect of the accounting year.

The Company also operates several defined contribution pension schemes. The assets of the schemes are held separately from those of the Company in independently administered funds. The amount charged against profit represents the contributions payable to the schemes in respect of the accounting year.

##### 1. Accounting policies (continued)

###### Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction or, if hedged forward, at the rate of exchange under the related forward currency contract. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

###### Provisions for liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions for restructuring or reorganisation are recognised when a detailed formal restructuring plan has been approved and the restructuring has either commenced, or has been publicly announced. Future operating costs are not provided for.

Contract provisions are based on the assessment of future costs and claims with reference to past experience, and are recognised immediately in the profit and loss account and a provision made in the balance sheet to be unwound when the contract expires.

##### 2. Turnover

Turnover is wholly attributable to the principal activities of the Company and is of Middle East destination. Turnover by origin is as follows;

	2015 £000	2014 £000
UK	1,614	1,684
Middle East	5,336	5,115

**Airwork Limited****Annual report****Notes to the financial statements (continued)****4. Profit on ordinary activities before taxation (continued)**

Fees payable for the statutory audit of the financial statements have been borne by the Company's fellow subsidiary Babcock Aerospace Limited.

Fees paid to the Company's auditors PricewaterhouseCoopers LLP, and its associates, for services other than statutory audit of the Company, are disclosed on a consolidated basis in the financial statements of the ultimate parent undertaking, Babcock International Group PLC.

**5. Staff costs**

The average monthly number of employees (including directors) employed by the Company during the year was as follows:

	<b>2015</b>	2014
	<b>Number</b>	Number
Operational and technical	<b>155</b>	147
Management and administration	<b>29</b>	26
	<b>184</b>	173

Social security costs	<b>8</b>	6
Other pension costs (note 18)	<b>47</b>	54
	<b>4,928</b>	4,710

**6. Directors' remuneration**

All of the directors of the Company are remunerated by other Babcock Group companies. It is not possible to make an accurate apportionment of these directors' emoluments relating to services provided to the Company and as such no disclosure of emoluments received by these directors has been made in these financial statements (2014: *£nil*).

**Notes to the financial statements (continued)**

**7. Tax on profit on ordinary activities (continued)**

*Factors affecting current and future tax charges*

On 2 July 2013, Finance Act 2013 was substantively enacted, reducing the main rate of UK corporation tax from 23% to 21% with effect from 1 April 2014 and to 20% from 1 April 2015. Closing deferred tax values have therefore been valued at 20% (2014: 20%). The emergency budget on 8 July 2015 has proposed that the main rate of corporation tax will fall to 19% from 1 April 2017 and then down to 18% from 1 April 2020.

**8. Investments**

Cost and net book amount	<b>Total £000</b>
Shares in Group undertakings at beginning and end of year	212
Shares in associated undertakings at beginning and end of year	18
<b>Total</b>	<b>230</b>

On 15 September 2010, proprietary know-how, not capitalised in the financial statements of the Company in accordance with FRS 10 'Goodwill and Intangible Assets', was transferred to Babcock Integration LLP in exchange for an interest in that partnership. This was in order to facilitate the integration of the Babcock and VT Groups. The partnership interest has been recognised at a cost of £nil given that the know-how transferred was not recognised in the financial statements of the Company prior to the transfer. A royalty is payable at the rate of 1.5% of non-Group turnover. The charge for the year is £24,000 (2014: £25,000).

The companies in which the Company's interest at the year end is more than 20% are as follows:

	<b>Country of incorporation</b>	<b>Principal activity</b>	<b>Class and percentage of shares held</b>
<b>Subsidiary undertakings</b>			
Airwork Technical Services and Partners LLC	Oman	Maintenance of aircraft	Ordinary – 51%
<b>Participating interests</b>			
Airwork Advanced Group Co WLL	Abu Dhabi	Dormant	Ordinary – 49%

##### **18. Pension commitments**

The Company is a member of a larger Group wide pension scheme providing benefits based on final pensionable pay. The Company is unable to identify its share of the scheme assets and liabilities on a consistent and reasonable basis, and therefore, as permitted by FRS 17 'Retirement benefits', the scheme has been accounted for, in these financial statements as if the scheme was a defined contribution scheme.

The latest full actuarial valuation was carried out at 31 March 2013 and was updated for accounting purposes to 2015 by a qualified independent actuary. The pension charge for the year was £47,000 (2014: £51,000). At 31 March 2015, contributions amounting to £3,000 (2014: £4,000) were payable to the funds and are included in creditors.

The net pension asset (2014: liability) on the Group wide pension scheme at 31 March 2015 was £33,900,000 (2014: £48,300,000). This represents the asset (2014: liability) to Babcock International Group PLC as a whole and does not represent an asset (2014: liability) to the Company.

The Company also operated several defined contribution pension schemes. The pension cost charge for the year includes contributions payable by the Company to these funds amounting to £nil (2014: £3,000). At 31 March 2015, contributions amounting to £nil (2014: £nil) were payable to the funds and are included in creditors.
