## **NOTES TO THE FINANCIAL STATEMENTS**

### **1. ACCOUNTING POLICIES**

The following accounting policies have been applied consistently in dealing with items that are considered material in relation to the company's financial statements.

#### **Basis of preparation**

These financial statements are prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101).

In preparing these financial statements, the company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU (IFRS), but makes amendments where necessary in order to comply with Companies Act 2006 and sets out below where the FRS 101 disclosure exemptions have been taken.

These financial statements are prepared on a going concern basis under the historical cost convention, except that certain financial instruments are stated at their fair value.

The company is a wholly owned subsidiary of Diageo plc and is included in the consolidated financial statements of Diageo plc which are publicly available.

The company has taken advantage of the following exemptions from the requirements of IFRS in the preparation of these financial statements, in accordance with FRS 101:

- a cash flow statement and related notes;
- comparative period reconciliations for share capital;
- disclosures in respect of transactions with wholly owned subsidiaries;
- the effects of new but not yet effective IFRSs.

#### **New accounting policy**

The following standard, issued by the IASB and endorsed by the EU, have been early adopted by the company from 1 July 2017:

- IFRS 9 - Financial instruments replaces IAS 39 (Financial instruments - Recognition and measurement) and addresses the classification and measurement of financial instruments, introduces a new forward-looking impairment model for financial assets. The adoption of IFRS 9 principles did not result in any changes in the measurement and classification of financial instruments and had no impact on the statement of comprehensive income and the balance sheet of the company for the year ended 30 June 2018. All classes of financial assets and financial liabilities had as at 1 July 2017 the same carrying values under IFRS 9 as they had under IAS 39.

The new forward-looking impairment model requires the recognition of allowances for doubtful debt based on expected credit losses (ECL), rather than incurred credit losses as under IAS 39. The adoption of the ECL approach did not result in an additional impairment loss for amounts owed by group undertakings as at 1 July 2017.

## **NOTES TO THE FINANCIAL STATEMENTS (continued)**

### **1. ACCOUNTING POLICIES (continued)**

#### **Financial assets**

The company classifies its financial assets into the following categories: financial assets at amortised cost, financial assets at fair value through profit and loss and financial assets at fair value through other comprehensive income.

*Trade and other receivables* Amounts owed by other group companies are initially measured at fair value and are subsequently reported at amortised cost. Non-interest bearing trade receivables are stated at their nominal value as they are due on demand. Allowances for expected credit losses are made based on the risk of non-payment taking into account ageing, previous experience, economic conditions and forward looking data. Such allowances are measured as either 12-months expected credit losses or lifetime expected credit losses depending on changes in the credit quality of the counterparty.

### **2. INCOME STATEMENT**

None of the directors received any remuneration during the financial year in respect of their services as directors of the company (2017 - £nil).

### **3. TRADE AND OTHER RECEIVABLES**
