#### **Principal risks and uncertainties**

The management of the business and the execution of the company's strategy are subject to a number of risks. The company is a member of the U and I Group PLC group of companies. Further discussion of the risks and uncertainties, in the context of the group as a whole, is provided in the group's annual report which does not form part of this report.

The outbreak of Covid-19, declared by the World Health Organization as a "Global Pandemic" on 11 March 2020, creates an unprecedented degree of uncertainty over both the severity of the risks and the effectiveness of mitigating actions.

#### **Financial key performance indicators (KPIs)**

The Directors of the U and I Group PLC manage the group's operations on a group basis. For this reason, the company's Directors believe that an analysis using KPIs for the company is not necessary or appropriate for an understanding of the development, performance or position of the business of the company. The development, performance and position of the group is discussed in the group's annual report which does not form part of this report.

This report was approved by the board on 21 December 2020 and signed by its order.

- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;

#### 2. Accounting policies

##### 2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland (FRS 102) and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the company's accounting policies (see note 3).

##### 2.2 Exemptions for qualifying entities under FRS 102

The company has taken advantage of the exemption, under FRS 102 paragraph 1.12(b), from preparing a statement of cash flows, on the basis that it is a qualifying entity and its ultimate parent company, U and I Group PLC, includes the company's cash flows in its own consolidated financial statements.

The financial statements contain information about Development Securities (Greenwich) Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company is exempt under Section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the consolidated financial statements of its ultimate parent undertaking, U and I Group PLC, a company registered in England and Wales, which are publicly available.

#### 2. Accounting policies (continued)

##### 2.5 Financial instruments

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors and loans to and from group undertakings.

##### Financial assets

Debtors – Debtors are recognised at the original transaction value and subsequently measured at amortised cost. A provision for impairment is established where there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables concerned.

Financial assets and liabilities are offset and the net amount reported in the Balance sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

#### 3. Judgements in applying accounting policies and key sources of estimation uncertainty

The preparation of financial statements in accordance with FRS 102 requires the use of certain critical accounting estimates and judgements. It also requires management to exercise judgement in the process of applying the company's accounting policies. Not all of these accounting policies require management to make difficult, subjective or complex judgements or estimates. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Although these estimates are based on management's best knowledge of the amount, event or actions, actual results may differ from those estimates. The following is intended to provide an understanding of the policies that management consider critical because of the level of complexity, judgement or estimation involved in their application and their impact on the financial statements.

##### Investments

Investments in subsidiaries are measured at cost less accumulated impairment with any changes to be recognised in the Statement of comprehensive income. Management undertake an annual review of the carrying value of its investments to establish if there is any impairment to its value based on the performance of the underlying asset and external evidence.

##### Debtors

The company is required to judge when there is sufficient objective evidence to require the impairment of individual receivables. It does this on the basis of the age of the relevant receivables, external evidence of the credit status of the debtor entity and the nature of any disputed amounts.

#### 4. Employees

The company has no employees other than the Directors (13 month period ended 31 March 2019: none). Their remuneration, including pension costs, is not borne directly by the company but by U and I Group PLC. The entity did not incur any costs in relation to salaries recharged (13 month period ended 31 March 2019: £NIL).
