CATHEDRAL CAPITAL (INVESTMENTS) LIMITED

REPORT OF THE DIRECTORS

The Directors present herewith their report, together with the audited financial statements of the Company for the year ended 31 December 2010.

Company Registration Number

The Company registration number is 5958038.

Principal Activity and Review of the Business

The Company is the holding company of Cathedral Capital Holdings Limited and, as such, does not participate in any trade of its own.

During the year, the Company received a dividend of £5,500,000 from its subsidiary and some interest on its cash balances. The Company also paid interest on the Manager and Investor Loan Notes it has issued together with some minor expenses

Cathedral Capital Holdings Limited was originally set up in 1997 as a Names' Conversion vehicle which enabled Names at Lloyd's with unlimited liability to convert to limited liability. One of its two main trading subsidiary companies, Cathedral Capital (1998) Limited, underwrites at Lloyd's as a corporate member. This company, which underwrote circa £232.3 million of capacity for the 2010 year of account, is the sole capital provider to Cathedral Syndicate 3010 and provides circa 57.8% of the capital supporting Cathedral Syndicate 2010. For the 2011 year of account, this company continues to provide capacity of circa £232.3 million, on Syndicates 2010 and 3010 only. The company has not provided capacity to any external Syndicates since the 2008 year of account.

Cathedral Capital Holdings Limited's other main trading subsidiary is Cathedral Underwriting Limited, a Lloyd's managing agency which is authorised and regulated by the UK Financial Services Authority ("FSA") and Lloyd's. This company has the rights to manage Cathedral Syndicate 2010 a syndicate currently specialising in non-marine and aviation reinsurance and direct and facultative property and contingency business, with premium capacity of around £350 million for the 2010 year of account and maintained at this level for the 2011 year of account. This company also has the rights to manage Cathedral Syndicate 3010, a syndicate specialising in marine cargo business. This Syndicate's capacity was £30 million for the 2010 year of account and maintained at this level for the 2011 year of account. Syndicate 3010 also wrote a number of small quota shares of certain select accounts from Syndicate 2010 for the 2010 year of account and has renewed these for the 2011 year of account. Syndicate 2010 and Syndicate 3010 have both just closed their 2008 year of account. Syndicate 2010 declared a profit of £36.5 million whilst Syndicate 3010 declared a loss of £0.7 million. Syndicates 2010 and 3010 reported a combined 2010 calendar year profit of £15.7 million which equates to a combined ratio of 94.0%. This company intends to expand and develop its operations within the insurance market as opportunities and market conditions allow.

Cathedral Capital (Investments) Limited has been approved by the FSA and Lloyd's as a controller of both Cathedral Underwriting Limited and Cathedral Capital (1998) Limited.

Results and Dividends

The results attributable to shareholders for the year are shown on page 8.

CATHEDRAL CAPITAL (INVESTMENTS) LIMITED

During the year, the Company paid an interim dividend of £2.5 million to its parent company (2009: £2 5 million), equating to 6.19p per ordinary share (2009 6.19p)

Principal risks

The Company has been approved by the FSA and Lloyd's as a controller of Cathedral Underwriting Limited and accordingly a principal risk to the business is the withdrawal of this regulatory approval to act as a controller of that company. If this were to occur the Company would be unable to remain as the controller of this regulated business.

Another risk to the Company is that the Investor Loan Notes cease to be listed on the Channel Island Stock Exchange. If that were to occur the Company would have to account for withholding tax on the interest payments.

Financial instruments

The Company's principal financial instruments are amounts owed by related group companies and cash.

The Directors are not aware of anything to suggest that the amounts owed by other entities within the Cathedral group are not recoverable. Cash deposits are held with UK clearing banks and therefore there is limited exposure to liquidity or credit risk.

The Company is exposed to interest rate risk as the amount owed by related group companies is variable. Other than that, the Company has limited exposure to interest rate risk as the Investor Loan Notes and the Manager Loan Notes that it has issued pay a fixed rate coupon and the dissenting bank account does not pay interest.

Directors

The Directors who held office during the year are set out on page 2.

Information on Directors' transactions is set out in Note 14 on pages 13 and 14.

Going Concern

After making reasonable enquiries the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. For this reason, they have adopted the going concern basis in preparing the accounts.

Disclosure of information to the auditors

So far as each person who was a Director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the auditor is unaware. Having made enquiries of fellow Directors, each Director has taken all the steps that he is obliged to take as a Director in order to make himself aware of any relevant audit information and to establish that the auditor is aware of that information.

CATHEDRAL CAPITAL (INVESTMENTS) LIMITED

Auditors

Mazars LLP have expressed their willingness to continue in office for the coming year.

Directors' Responsibilities

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations

Company law requires the Directors to prepare financial statements for each financial year Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law) Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. - make judgements and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
