## Strategic Report

The directors present their strategic report on the Group for the year ended 31 December 2016.

### Principal activities

GWRUK Acquisition Corp Limited Group (“the Group”) is comprised of GWRUK Acquisition Corp Limited, Guinness World Records Limited, Ripley Entertainment Limited, Guinness World Records Japan KK, Guinness World Records Consulting (Beijing) Limited and GWR (Branch Operations) Ltd. The Group is engaged in the publication and licensing of intellectual property created through the adjudication of world records. These activities relate primarily to the publishing, merchandising and television licensing of the main brand, the “Guinness World Records” book.

The Group also operates in the attractions business and provides management services to the Ripley’s Believe It or Not! Museum in London. The Group provides management services to its franchisee but the contract runs until 30 September 2017 and will not be extended for any significant term. As a result, the Group will cease active operations in this line of business and the corresponding results from operations have been presented as discounted operations. However, the Group is still operating its world record adjudication business.

The Group has previously been engaged in providing services to a fellow subsidiary of Jim Pattison Limited, Ripley Entertainment Inc., in relation to the publication of their books. These activities related primarily to the publishing of their main brand, Ripley books, in the United States. In April 2014, the Company’s affiliate, Ripley Entertainment Inc., communicated its decision to have its own publishing business in Orlando, Florida. As a result of such decision, the Company began the wind down of its publishing operations. The wind down was completed at the end of June 2015 and all appropriate provisions have been recorded in the statements. The results from the publishing business have been presented as discontinued operations.

Substantially all of the Group’s turnover and profit is earned from Guinness World Records and it remains the dominant business in the Group. The attractions business is a much smaller component of the Group’s financial results.

### Business review

The loss for the year ended 31 December 2016 from continuing operations was £1.2 million (2015: profit of £0.8 million). The loss also includes trademark amortisation of £4.7 million (2015: £4.7 million). Turnover for the year was £24.5 million (2015: £24.3 million) giving an operating margin/profit of 9.2%/£2.3 million (2015: 13.2%/£3.2 million); a gross margin of 75.8%/£18.6 million (2015: 72.2%/£17.5 million); and days sales outstanding of 36 days (2015: 45 days). The movement in days sales outstanding was primarily due to timing of payments of amounts owed by fellow undertakings.

The loss for the year was caused primarily by an unrealized foreign exchange loss on intercompany balances as the British Pound weakened significantly during 2016. The loss also includes trademark amortization of £4.7 million (2015: £4.7 million). Cash flow from operations for the year was £5.1 million (2015: £9.3 million) which covered all capital expenditure and debt repayment needs, so cash flow and liquidity remain strong despite the loss recorded in 2016.

These key performance indicators are in line with directors’ expectation.

### Business environment

The Group owns a trademark (Guinness World Records) that has a strong history dating back to 1954. Sales of the Guinness World Records book continue to be strong and it is regularly the No.1 bestseller during the Christmas selling period. The main book sells almost 3 million copies worldwide in 25 languages. The publishing market has been challenged in the past due to the closure of several book retailers and distributors, as well as by the introduction of electronic books. There have been no major high street book retailer closures over the last couple of years and the electronic books have had less of an impact than originally anticipated such that the Group has been able to maintain its publishing sales over the last couple of years. The Company has focused on broadening its product line to offer new books that appeal to different target markets and can generate revenue outside of the Christmas selling season.

## **Strategic Report** *(continued)*

### **Business environment** *(continued)*

The Group also generates revenue from adjudicating record attempts and this part of the business continues to perform strongly year on year. Guinness World Records is the global leader in collecting, confirming and presenting World Records.

In addition to publishing and records adjudications, the Group licenses the Guinness World Records brand and content via traditional trademark deals or via television programming and these business streams continue to perform successfully. The Company also provides consulting services to help clients develop marketing and public relations campaigns that leverage world record attempts and achievements.

### **Principal risks and uncertainties**

The Group distributes the main Guinness World Records book through traditional bookstores and the closure of stores remains a primary risk to the Publishing business. Electronic books have not had the expected negative impact on sales as their success has been mainly in the fiction market to date, however the Group acknowledges that over the longer term this remains a potential threat. Guinness World Records has produced electronic books in the past and continues to actively research electronic publishing to find the best commercial solution. Following the Brexit referendum, (the decision by the UK to exit the European economic union), the UK economy and Sterling is once again weak. This creates additional uncertainty as Guinness World Records enters into transactions in multiple currencies.

Guinness World Records Limited, a subsidiary company, has been involved in a litigation case in India for many years and despite the strong evidence in the company's favour, any outcome cannot be ascertained, and therefore the potential financial impact is unknown. A judgment is due to be made in the case early next year, but it is expected that this will be appealed and the case is unlikely to be concluded in the near future.

Guinness World Records Limited has successfully expanded its business geographically over the last few years and now has offices in Japan, China, and the Middle East, in addition to the United Kingdom and the United States of America.

### **Strategy**

The main challenge for the Group is to seek ways to diversify. The majority of revenue still comes from Publishing, and the Group has put a renewed effort into expanding its publishing business by producing more titles that can be sold at different times during the year. The expanded offering allows the Group to reach a broader audience and it reduces the reliance on the Christmas selling season.

The Group is also focused on growing the Records & Licensing businesses. The approach that the Group has taken is to restructure internally to put more resources behind Records & Licensing and by expanding geographically.

Over the last few years, the UK economy has been weak and Sterling has suffered as a result but this has benefitted the Group in its overseas markets. The approach that the Group has taken to currency risk over this period is via natural hedging, seeking to cover its foreign debts by bringing in cash in the same currency from foreign debtors. The weak Sterling may be a benefit as foreign currency sales will be worth more to the Group. The Group will continue to monitor foreign exchange risk using a combination of natural hedging and forward contracts.

## Strategic Report *(continued)*

### Future Outlook

The Group's future results should remain positive as the Guinness World Records brand is strong and the operations continue to grow throughout the world. Although the Group was no longer providing publishing services to its fellow undertaking, Ripley Entertainment Inc., this change has a minor impact as Guinness World Records provides substantially all of the Group's turnover and profit.

The Group replaced the Ripley publishing income with management services revenue from the operation of the London Ripley museum. Ripley Entertainment Limited assumed temporary responsibility for managing and operating the location in April 2014 and has earned management fees for doing so. Attendance declined in 2016 which resulted in an operating loss and the operations continued to be a challenge. The Group has a management services contract that runs until September 30, 2017 but has decided not to renew the contract. As a result, Ripley Entertainment Limited will cease active operations in this line of business.

The directors feel that by adopting the strategies described, the Group will continue to retain and grow its market share. Costs increased in the prior year as the Group increased its infrastructure to support new business lines and new geographic areas, and the benefits will be realized in future years. The economic environment, although improving, continues to be challenging, however the directors are optimistic about the Group's ability to meet its future growth targets.

## **Statement of directors' responsibilities in respect of the annual report and the financial statements**

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the group and parent company financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and parent company and of their profit or loss for that period. In preparing each of the group and parent company financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group and the parent company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the parent company's transactions and disclose with reasonable accuracy at any time the financial position of the parent company and enable them to ensure that its financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the group and to prevent and detect fraud and other irregularities.

## **Independent auditor's report to the members of GWRUK Acquisition Corp Limited**

We have audited the financial statements of GWRUK Acquisition Corp Limited for the year ended 31 December 2016 set out on pages 8 to 30. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice), including *FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

### **Respective responsibilities of directors and auditor**

As explained more fully in the Directors' Responsibilities Statement set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

### **Scope of the audit of the financial statements**

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at [www.frc.org.uk/auditscopeukprivate](http://www.frc.org.uk/auditscopeukprivate).

### **Opinion on financial statements**

In our opinion the financial statements:

- give a true and fair view of the state of the Group's and the Parent Company's affairs as at 31 December 2016 and of the Group's loss for the year then ended;
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### **Opinion on other matter prescribed by the Companies Act 2006**

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year is consistent with the financial statements.

Based solely on the work required to be undertaken in the course of the audit of the financial statements and from reading the Strategic report and the Directors' report:

- we have not identified material misstatements in those reports; and
- in our opinion, those reports have been prepared in accordance with the Companies Act 2006.

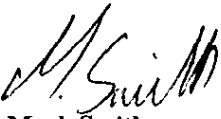

**Independent auditor's report to the members of GWRUK Acquisition Corp Limited**  
*(continued)*

**Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the Parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the Parent Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

## Notes

### 1 Principal accounting policies

The company is a company limited by shares and incorporated and domiciled in England. These Group and Parent Company financial statements were prepared in accordance with Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102")* as issued in August 2014. The amendments to FRS102 issued in July 2015 and effective immediately have been applied.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

#### ***Basis of accounting***

The Group and Parent Company financial statements are prepared on a going concern basis, under historical cost convention and in accordance with the Companies Act 2006 and applicable accounting standards.

A summary of the significant accounting policies which have been applied is set out below.

#### ***Going concern***

The Group's business activities, together with the factors likely to affect its future development, performance and position are set out in the Strategic Report on pages 1-3. The Group has considerable financial resources together with a diverse customer base across different geographic areas. As a consequence, the directors believe that the Group is well placed to manage its business risks successfully despite the current uncertain economic outlook. The directors have a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual financial statements.

The Company financial statements have been prepared on a going concern basis in view of the fact that the ultimate Parent Company, Jim Pattison Limited, has formally indicated that it will provide sufficient funding to the Company, to enable it to meet its liabilities as they fall due, for at least twelve months from the date of approval of these financial statements. The directors have no reason to believe that the Parent Company will not be in a position to provide the support referred to above and, accordingly, they have prepared the financial statements on a going concern basis.

#### ***Basis of consolidation***

The consolidated financial statements include the financial statements of the Company and its subsidiary undertakings made up to December 31, 2016.

The Company has provided a statement of guarantee that its subsidiary undertakings listed below are exempt from the requirements of the Companies Act 2006 relating to the audit of individual accounts by virtue of section 479A of the Companies Act 2006.

Guinness World Records Limited

GWR (Branch Operations) Limited

Ripley Entertainment Limited

The acquisition method of accounting has been adopted. Under this method, the results of subsidiary undertakings acquired in the year are included in the consolidated profit and loss account from the date of acquisition.

## Notes (continued)

### 1 Principal accounting policies (continued)

The Parent Company is included in the consolidated financial statements, and is considered to be a qualifying entity under FRS 102 paragraphs 1.8 to 1.12. The following exemptions available under FRS 102 in respect of certain disclosures for the Parent Company financial statements have been applied:

- The reconciliation of the number of shares outstanding from the beginning to the end of the period has not been included a second time; and
- No separate Parent Company Cash Flow Statement with related notes is included.

#### *Significant estimates and assumptions*

The preparation of the financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of the amount, event or actions, actual results may ultimately differ from those estimates.

#### *Turnover*

Turnover is measured at fair value of consideration received or receivable and represents amounts receivable for goods and services provided by the Group in the normal course of business net of discounts, returns and value added tax. Revenue from the sale of publications is recognised as goods are shipped to customers. Turnover is stated net of deductions and expected returns are based on management judgement and historical experience. Revenues from television programme sales, royalty revenues from licenses granting publication, trademark usage and other rights and net fees from exhibition are recognized on a receivable basis. Licence fees earned from programme content are recognised on the later of the start date or delivery of the associated programme. Revenue from adjudication services provided is recognized as it is earned. Revenues from ticket sales are recognized at the time of sale. Revenues from sales of combined attraction tickets, sales to third party ticket vendors and sales of seasonal passes are recognized when earned.

#### *Provision for returns*

The provision for returns represents management's estimates for future returns of publications and merchandise and is based on historical return rates and current market conditions.

#### *Stocks*

Stocks are stated at the lower of cost and estimated selling prices less costs to sell and complete and valued on a first-in, first-out basis. Cost includes raw materials, direct labour and directly attributable expenses. Expenditure on books not yet published is included in work-in-progress and reclassified as cost of finished goods on publication.

#### *Tangible fixed assets*

Tangible fixed assets are stated at historic purchase cost less accumulated depreciation. Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use. Depreciation is calculated to write off the cost of tangible fixed assets, less their residual values, over their expected useful lives using the straight-line basis. The expected useful lives of the assets to the business are reassessed periodically.

| <b>Asset</b>                     | <b>Estimated useful life</b> |
|----------------------------------|------------------------------|
| Fixtures, fittings and equipment | 3-10 years                   |
| Computer equipment               | 3 years                      |

Computer equipment includes certain website development costs capitalised to the extent that they lead to an enduring asset delivering benefits at least as great as the amount capitalised.

## Notes (continued)

### 1 Principal accounting policies (continued)

#### *Intangible fixed assets and amortisation*

Intangible assets acquired as part of an acquisition are capitalised at their fair value where this can be measured reliably.

Trademarks are amortised to nil by equal annual instalments over their useful economic life of 10 years in accordance with FRS 102.

#### *Investments*

Investments in subsidiary undertakings are stated at cost.

#### *Foreign currencies*

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

#### *Interest bearing borrowings*

Immediately after issue, debt is stated at the fair value of the consideration received on the issue of the capital instrument after the deduction of issue costs. The finance cost of the debt is allocated to periods over the term of the debt at a constant rate on the carrying amount.

#### *Leases*

Operating lease rentals are charged to the profit and loss account on a straight line basis over the period of the lease. The Group has no finance leases.

#### *Employee benefits*

One of the group's subsidiaries operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the group in an independently administered fund. The amount charged to the profit and loss account represents the contributions payable to the scheme in respect of the accounting period.

#### *Taxation*

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date.

#### *Cash and liquid resources*

Cash, for the purpose of the cash flow statement, comprises cash in hand less overdrafts payable on demand.

#### *Discontinued operations*

Discontinued operations are components of the Group that have been disposed of at the reporting date and previously represented a separate major line of business.

They are included in the profit and loss account in a separate column for the current and comparative periods.

#### *Comparative information*

Certain of the information presented for comparative purposes has been reclassified to conform to the financial statement presentation adopted for the current year.

|   | <u><u>          </u></u> | <u><u>          </u></u> |

The aggregate of emoluments and amounts receivable under long term incentive schemes of the highest paid director was £604,000 (2015: £483,000), and Company pension contributions of £34,000 (2015: £30,000) were made to a money purchase scheme on his behalf.

Two directors did not receive any remuneration in respect of their services to the Group in the current period or prior year. None of the directors have any shares or options in the Group.

**5 Staff numbers and costs**

The average number of persons employed by the Group (including directors) during the year, analysed by category, was as follows:

|                    | <b>Number of employees</b> |                          |
|--------------------|----------------------------|--------------------------|

*Factors that may affect future current and total tax charges*

A reduction in the UK corporation tax rate from 21% to 20% (effective from 1 April 2015) was substantively enacted on 2 July 2013. Further reductions to 19% (effective from 1 April 2017) and to 18% (effective 1 April 2020) were substantively enacted on 26 October 2015, and an additional reduction to 17% (effective 1 April 2020) was substantively enacted on 6 September 2016. This will reduce the company's future current tax charge accordingly.

**9 Profit of the Company**

Under section 408 of the Companies Act 2006 the Company is exempt from the requirements to present its own profit and loss account. The Company's profit for the year amounted to £4,069,000 (2015: £3,882,000), after receiving dividends of £5,500,000 (2015: £5,000,000) from its subsidiary Guinness World Records Limited.
