DIRECTORS AND SECRETARY

The Directors and secretary who held office during the year and to date are noted on page 1.

In accordance with the Articles of Association, the Directors are not required to retire by rotation.

DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS

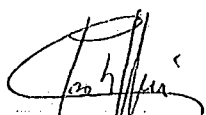

The Directors are required to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of its profit or loss and are in accordance with applicable laws.

In preparing those financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business for the foreseeable future.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies United Kingdom Law (company act 2006). The Directors are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

EASTCREEK LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31st DECEMBER 2013

1 GENERAL INFORMATION

Eastcreek Limited is a company registered in the United Kingdom, which was incorporated on 16th November 2012.

2 ACCOUNTING POLICIES

(a) BASIS OF PREPARATION

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union (EU) and the requirements of the UK Companies Law, Act 2006. The financial statements have been prepared under the historical cost convention.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates and requires Management to exercise its judgement in the process of applying the Company's accounting policies. It also requires the use of assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on Management's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

(b) REVENUE RECOGNITION

Revenue is recognised when it is probable that the economic benefits associated with the transaction will flow to the Company and the amount of the revenue can be measured reliably.

(c) EXPENSES

All expenses are accounted for on an accruals basis.

(d) OPERATING PROFIT

Operating profit includes revenue received, as reduced by operating expenses and administrative expenses and excludes finance costs, finance income and other gains and losses.

(e) BORROWING COSTS

All borrowing costs are recognised in the income statement in the period in which they are incurred.

(f) FOREIGN CURRENCIES

(i) Functional and presentation currency

Items included in the financial statements are measured in the currency of the primary economic environment in which the entity operates (the "functional currency"). The financial statements are presented in Euros, which is the Company's functional and presentational currency.

(ii) Transactions and balances

Transactions in currencies other than Euros are recorded at the rates of exchange prevailing on the dates of the transactions. At each Balance Sheet date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the Balance Sheet date. Non-monetary assets and liabilities that are carried at fair value and denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Gains and losses arising on retranslation are included in net profit or loss for the year, except for exchange differences arising on non-monetary assets and liabilities where the changes in fair value are recognised directly in equity.

EASTCREEK LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31st DECEMBER 2013

(g) GOING CONCERN

The Company's financial statements have been prepared on a going concern basis. The Directors consider this to be appropriate as they received assurances from the Parent Company to the effect that the Parent Company will continue to make funds available to the Company for the foreseeable future and will continue to meet the Company's obligations to other creditors as and when they fall due.

3 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The Company makes certain estimates and assumptions regarding the future. Estimates and judgements are continually evaluated and are based on historical experience as adjusted for current market conditions and other factors. The resulting accounting estimates will, by definition, seldom equal the related actual results.

4 ADMINISTRATIVE EXPENSES

	2013
	£
Formation fee	1,624
Government Licence fee	1,117
Directors' fees	931
Accountancy fee	1,018

	<u>9,562</u>

5 TRADE AND OTHER RECEIVABLES

	2013
	£
Shareholders loan - capital unpaid	1
	<u>1</u>

The Directors consider that the carrying amount of trade and other receivables approximates to their fair values. There were no impairments of receivables during the year ended 31st December 2013.

6 TRADE AND OTHER PAYABLES

	2013
	£
Creditor - Carey SAM	8,543
Accruals	1,018
	<u>9,562</u>

Trade creditors and accruals primarily comprise amounts outstanding for trade purchases and ongoing costs. The Company has financial risk management policies in place to ensure that all payables are paid within the credit time frame.

The Directors consider that the carrying amount of trade payables approximates to their fair values.

FOR THE YEAR ENDED 31st DECEMBER 2013

8 FINANCIAL RISK MANAGEMENT

(a) FINANCIAL RISK FACTORS

The Company is exposed to credit risk, liquidity risk and capital risk management arising from the financial instruments it holds. The risk management policies employed by the Company to manage these risks are discussed below:

(b) CREDIT RISK

Credit risk arises when a failure by counter parties to discharge their obligations could reduce the amount of future cash inflows from financial assets on hand at the balance sheet date. The Company has no significant concentration of credit risk. The Company has policies in place to ensure that sales of products and services are made to customers with an appropriate credit history and monitors on a continuous basis the ageing profile of its receivables. Cash balances are held with high credit quality financial institutions and the Company has policies to limit the amount of credit exposure to any financial institution.

(c) LIQUIDITY RISK

Liquidity risk is the risk that arises when the maturity of assets and liabilities does not match. An unmatched position potentially enhances profitability, but can also increase the risk of losses. The Company has procedures with the object of minimising such losses as maintaining sufficient cash and other highly liquid current assets and by having available an adequate amount of committed credit facilities.

(d) FOREIGN EXCHANGE RISK

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. Currency risk arises when the future commercial transactions and recognised assets and liabilities are denominated in a currency that is not the Company's measured currency. The Company is not exposed to exchange currency risk as it is dormant.

(e) CAPITAL RISK MANAGEMENT

The Company manages its capital to ensure that it will be able to continue as a going concern while maximising the return to the shareholders through the optimisation of the debt and equity balance. The Company's overall strategy remains unchanged from last year.

9 CONTROLLING PARTY AND RELATED PARTY DISCLOSURES

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operations decisions.

The Parent Company and controlling party, which has interest in 100% of the issued share capital of the Company, is LENVAY LIMITED, a company incorporated in the British Virgin Islands.

Eastcreek Limited which does not have any subsidiary is considered to be a related party as it is a subsidiary of the Parent Company.

The Parent Company decided not to consolidate.
