Strategic Report

The directors present their strategic report on the Company for the year ended 31 December 2015.

Review of the business

The Company is a wholly-owned subsidiary of International Group Limited and operates as part of International Group Limited's property division.

The Company's principal activities are property trading and development in the UK, which are principally undertaken through its joint venture company Maplecross Properties Limited. The Directors are not, at the date of this report, aware of any likely major changes in the Company's activities in the forthcoming year.

Results and performance

As shown in the Company's profit and loss account on page 7, the Company reported a profit of £14,000 (2014: loss of £10,000) for the year.

The balance sheet on page 8 of the financial statements shows the Company's financial position at the year-end.

Key performance indicators

International Group Limited manages its operations on a divisional basis. For this reason, the Company's directors believe that further key performance indicators (other than profit after tax stated above) for the Company are not necessary or appropriate for an understanding of the development, performance or position of the business. The performance of the property division of International Group Limited, which includes the Company, is discussed in International Group Limited's Annual Report which does not form part of this Report.

Principal risks and uncertainties

Property price volatility and restricted credit facilities in the market from banks for property development would restrict the Company's business. To manage these risks, the Company ensures that it operates in areas that are less exposed to these risks than the general property market.

Future developments

The Company is seeking new property development opportunities.

Directors' Report

The directors present their annual report and the audited financial statements for the year ended 31 December 2015.

Proposed dividend

The directors do not recommend the payment of a dividend (2014: £nil).

Directors

The directors who held office during the year were as follows:

RM King (Chairman)
HM King
WM King
CM King

Charitable contributions

The Company made no charitable contributions during the year (2014: £nil).

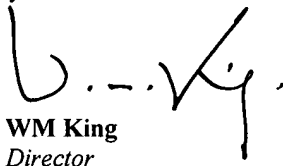

Disclosure of information to auditor

The directors who held office at the date of approval of this Directors' Report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

Pursuant to Section 487 of the Companies Act 2006, KPMG LLP will be deemed to be reappointed and KPMG LLP will therefore continue in office.

Statement of directors' responsibilities in respect of the Strategic Report, Directors' Report and the financial statements

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have prepared the company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

Independent auditor's report to the members of Beeson Property Investments Limited

We have audited the financial statements of Beeson Property Investments Limited for the year ended 31 December 2015, set out on pages 7 to 16.

The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice), including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Directors' Responsibilities Statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2015 and of its profit for the year then ended;
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Independent auditor's report to the members of Beeson Property Investments Limited *(continued)*

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Notes

(forming part of the financial statements)

1 Accounting policies

Beeson Property Investments Limited (the "Company") is a company limited by shares and incorporated and domiciled in the UK.

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

Basis of preparation

These financial statements were prepared in accordance with Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland ('FRS 102') as issued in August 2014. The amendments to FRS 102 issued in July 2015 and effective immediately have been applied. The presentation currency of these financial statements is sterling. All amounts in the financial statements have been rounded to the nearest £1,000.

The Company is exempt by virtue of s400 of the Companies Act 2006 from the requirements to prepare consolidated financial statements as it is a wholly owned subsidiary undertaking of International Group Limited, a Company registered in England and Wales. The financial statements present information about the Company as an individual undertaking and not about its group.

Notwithstanding the Company's net current liabilities of £4,008,000 (2014: £3,772,000), the financial statements have been prepared on a going concern basis. The ultimate parent company has confirmed that it will continue to support the Company. The ultimate parent company has itself obtained continuing financial support from subsidiary companies to enable the ultimate parent company to trade as a going concern.

On the strength of the assurance of continued support from the ultimate parent company, the financial statements have been prepared on the basis that the Company will be able to continue to trade as a going concern. As with any Company placing reliance on other group entities for financial support, the Directors acknowledge that there can be no certainty that this support will continue although at the date of approval of these financial statements, they have no reason to believe that it will not do so.

In the transition to FRS 102 from pre-2015 UK GAAP, the Company has made no measurement and recognition adjustments.

The Company's parent undertaking, International Group Limited includes the Company in its consolidated financial statements. The consolidated financial statements of International Group Limited are prepared in accordance with FRS 102 and are available to the public and can be obtained from the address given in note 12. In these financial statements, the Company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemptions available under FRS 102 in respect of the following disclosures:

- Reconciliation of the number of shares outstanding from the beginning to end of the period;
- Cash Flow Statement and related notes; and
- Key Management Personnel compensation.

As the consolidated financial statements of parent undertaking include the equivalent disclosures, the Company has also taken the exemptions under FRS 102 available in respect of the following disclosures:

- Certain disclosures required by FRS 102.26 *Share Based Payments*; and,
- The disclosures required by FRS 102.11 *Basic Financial Instruments* and FRS 102.12 *Other Financial Instrument Issues* in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements. On first time adoption of FRS 102, the Company has not retrospectively changed its accounting under pre-2015 UK GAAP for derecognition of financial assets and liabilities before the date of transition and accounting estimates.

1 Accounting policies (continued)

Measurement convention

These financial statements are prepared on a going concern basis, under the historical cost convention, as modified by the revaluation of land and buildings and certain financial assets and liabilities measured at fair value through profit or loss.

Foreign currencies

Transactions in foreign currencies are translated into the Company's functional currency at the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated to the functional currency at the rate of exchange ruling at that date and the gains or losses on translation are included in the profit and loss account.

Investments

Investments in subsidiary undertakings are stated at cost less impairment.

Basic financial instruments

Trade and other debtors / creditors

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses in the case of trade debtors. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate of instrument for a similar debt instrument.

Impairment

Financial assets (including trade and other debtors)

A financial asset not carried at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. For financial instruments measured at cost less impairment an impairment is calculated as the difference between its carrying amount and the best estimate of the amount that the Company would receive for the asset if it were to be sold at the reporting date. Interest on the impaired asset continues to be recognised through the unwinding of the discount. Impairment losses are recognised in profit or loss. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

Turnover

Turnover represents the amounts (excluding value added tax) derived from the provision of goods and services to third party customers. Turnover is recognised when goods and services have been supplied to and accepted by the Company's clients. Turnover on long term construction projects are recognised based on the proportion of cost appropriate to the stage of completion plus attributable profits, less amounts recognised in previous years. Fees are recognised over the period of the relevant assignments or agreements. Rental turnover is recognised in accordance with tenants' rental agreements.

Notes (continued)

1 Accounting policies (continued)

Expenses

Operating lease

Payments (excluding costs for services and insurance) made under operating leases are recognised in the profit and loss account on a straight-line basis over the term of the lease unless the payments to the lessor are structured to increase in line with expected general inflation; in which case the payments related to the structured increases are recognised as incurred. Lease incentives received are recognised in profit and loss over the term of the lease as an integral part of the total lease expense.

Finance lease

Minimum lease payments are apportioned between the finance charge and the reduction of the outstanding liability using the rate implicit in the lease. The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability. Contingent rents are charged as expenses in the periods in which they are incurred.

Interest receivable and interest payable

Interest payable and similar expenses include interest payable, finance charges on shares classified as liabilities and finance leases recognised in profit or loss using the effective interest method, unwinding of the discount on provisions, and net foreign exchange losses that are recognised in the profit and loss account (see foreign currency accounting policy).

Other interest receivable and similar income include interest receivable on deposits repayable on demand and net foreign exchange gains.

Interest income and interest payable are recognised in profit or loss as they accrue, using the effective interest method.

Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. The following timing differences are not provided for: differences between accumulated depreciation and tax allowances for the cost of a fixed asset if and when all conditions for retaining the tax allowances have been met; and differences relating to investments in subsidiaries, associates and joint ventures to the extent that it is not probable that they will reverse in the foreseeable future and the reporting entity is able to control the reversal of the timing difference. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date. Deferred tax balances are not discounted.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Notes *(continued)*

2 Expenses and auditor's remuneration

Auditor's remuneration of £3,000 (2014: £3,000) has been borne by a fellow subsidiary undertaking.

3 Remuneration of directors

None of the directors received emoluments for their services to the Company during the year (2014: £nil).

Details of the amounts paid to the directors by International Group Limited can be found in the financial statements of that Company. These can be obtained from the address in note 12.

5 Taxation (continued)

Reductions in the UK corporation tax rate from 23% to 21% (effective from 1 April 2014) and to 20% (effective 1 April 2015) were substantively enacted on 2 July 2013. In the Budget on 8 July 2015, the Chancellor announced additional planned reductions to 18% by 2020. This will reduce the company's future current tax charge accordingly. The deferred tax asset at 31 December 2015 has been calculated based on the rates of 18% substantively enacted at the balance sheet date.

9 Deferred tax

A deferred tax asset of £251,000 (2014: £284,000) has arisen. The directors do not feel that it is appropriate to recognise this deferred tax asset in the light of current trading conditions.

The elements of deferred taxation are as follows:

	2015 £000	2014 £000
Tax losses	251	284
Undiscounted deferred tax asset	<u>251</u>	<u>284</u>

It has not yet been possible to quantify the full anticipated effect of the announced rate reduction, although this will further reduce the Company's future current tax charge and reduce the Company's deferred tax asset accordingly.

11 Commitments

At the end of the financial year the Company had no unprovided capital commitments (2014: £nil).

12 Ultimate parent company and parent undertaking of larger group of which the Company is a member

The Company is a subsidiary undertaking of International Group Limited which is the ultimate parent company incorporated in the UK.

The largest and smallest group in which the results of the Company are consolidated is that headed by International Group Limited, a company incorporated in the UK. No other group financial statements include the results of the Company. The consolidated financial statements of the group is available to the public and may be obtained from Stoke Park, Park Road, Buckinghamshire, SL2 4PG.

13 Related party transactions

The Company is controlled by International Group Limited, the immediate and ultimate parent undertaking, which controls 100% of the Company's voting rights.

The Company's ultimate controlling party is International Group Limited.

Notes *(continued)*

14 Explanation of transition to FRS 102 from pre-2015 UK GAAP

As stated in note 1, these are the Company's first financial statements prepared in accordance with FRS 102.

The accounting policies and measurement bases set out in note 1 have been applied in preparing the financial statements for the year ended 31 December 2015 and the comparative information presented in these financial statements for the year ended 31 December 2014.

In preparing its FRS 102 balance sheet, the Company has reviewed the accounting policies under pre-2015 UK GAAP for consistency with FRS 102. Additional accounting policies have been added where required and wording adjusted for the measurement bases, recognition and terminology used under FRS 102. However this has not necessitated any adjustments to amounts reported previously in financial statements prepared in accordance with its old basis of accounting, pre-2015 UK GAAP.
