Report of the Directors

The Directors present their Report and audited Accounts of the Company for the year ended 30 April 2010

Principal activity and review of business

The activity of the Company is that of an investment dealing company

Results and dividends

The financial position at the year-end was satisfactory. The net profit for the year, after taxation, amounted to £15,212 (2009 - £126,452)

No interim dividend (2009 - £nil) was paid during the year to its parent company Polar Capital Technology Trust Plc. The Company's net profit after taxation for the financial year of £15,212 was transferred to reserves (2009 - £126,452)

Going concern

The Directors believe that it is appropriate to prepare the accounts on a going concern basis as the Company holds a significant cash balance and has adequate financial resources to continue in operational existence for the foreseeable future.

Directors and their interests

The Directors of the Company are set out on page 1. All the Directors served throughout the year and up to the date of this report.

The interests of the Directors of the Company at 30 April 2010 in the ordinary shares of the parent undertaking, Polar Capital Technology Trust Plc, are disclosed in that Company's annual report and accounts. The Directors do not have any direct interests in the Company's shares.

Corporate governance

The policy of the Company's parent, Polar Capital Technology Trust Plc, is to comply with the Principles of Good Corporate Governance and the Combined Code of Best Practice as required by the Listing Rules of the Financial Services Authority, to the extent appropriate to an investment trust company.

As far as the Directors are aware there is no relevant audit information of which the auditors are unaware and the Directors have taken steps to make themselves aware of any relevant audit information and to establish that the auditors are aware of such information.

Investment management and other agreements

The Company's investments are managed by Polar Capital Partners LLP under an investment management agreement with the Company's parent, Polar Capital Technology Trust Plc. Company secretarial and administrative services are provided to the Company as part of the services provided to Polar Capital Technology Trust Plc, the parent company, under the terms of the investment management agreement.

J P Morgan Chase Bank provides custodian services to the Company.

Statutory auditors

A resolution to re-appoint PricewaterhouseCoopers LLP as auditors will be proposed at the Annual General Meeting.

Small company special provisions

The report of the Directors has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

By order of the Board

Polar Capital Secretarial Services Limited,

Secretary

10 June 2010

Statement of Directors' Responsibilities in respect of the Accounts

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable International Financial Reporting Standards (IFRSs) as adopted by the European Union have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent Auditors' Report to the Members of PCT Finance Limited

We have audited the financial statements of PCT Finance Limited for the year ended 30 April 2010 which comprise the Statement of Comprehensive Income, the Statement of Changes in Equity, the Balance Sheet, the Cash Flow Statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union.

Respective responsibilities of Directors and auditors

As explained more fully in the Directors' Responsibilities Statement set out on page 3, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the Directors, and the overall presentation of the financial statements.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the Company's affairs as at 30 April 2010 and of its profit and cash flows for the year then ended,
- have been properly prepared in accordance with IFRSs as adopted by the European Union, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of Directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit.

Brian Taylor (Senior Statutory Auditor)

Notes to the Financial Statements

at 30 April 2010

1. Accounting policies

The Company's financial statements have been prepared under the historical cost convention modified to include the revaluation of certain investments. In line with the Company's parent, the financial statements for the year ended 30 April 2010 have been prepared in accordance with International Financial Reporting Standards (IFRSs), which comprise standards and interpretations approved by the International Accounting Standards Board and International Accounting Standards Committee, as adopted by the European Union. All of the Company's operations are of a continuing nature. The Company's functional currency and the currency used for the presentation of these financial statements is pounds sterling because that is the currency of the primary economic environment in which the Company operates.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires the Directors to exercise judgement in the process of applying the Company's accounting policies. However, there were no critical accounting estimates or judgements during the period under review.

Income

Investment income comprises dividends receivable from investments, which are recognised on an ex-dividend basis. Bank deposit interest is accounted for on an accruals basis.

Finance costs

Finance costs are calculated using the effective yield method and are accounted for on an accruals basis.

Investments held at fair value through profit or loss

When a purchase or sale is made under contract, the terms of which require delivery within the timeframe of the relevant market, the investments concerned are recognised or de-recognised on the trade date.

All investments are designated at fair value through profit or loss on initial recognition. The fair value of the investments is based on their quoted bid market price at the close of business on the balance sheet date without any deduction for estimated future selling costs. Where no bid price is available, the investment is valued at the last traded price. Changes in the fair value of all investments held at fair value, and realised gains and losses on disposal, are recognised in profit or loss.

Investments purchased with a view to re-sale in the short term are classified as current assets.

Other receivables

Other receivables do not carry any interest and are short-term in nature and are accordingly stated at their nominal value as reduced by appropriate allowances for estimated irrecoverable amounts.

Cash and cash equivalents

Cash comprises cash on hand and demand deposits. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash.

Other payables

Other payables are not interest-bearing and are stated at their nominal value.

Taxation

Taxation is based on the net profit for the year. Taxable profits may differ from profit before tax as reported in the Income Statement due to the exclusion of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

Deferred tax is the tax expected to be payable or recoverable on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax rates that have been enacted or substantively enacted at the balance sheet date.

Rates of exchange

Transactions in foreign currencies are translated into sterling at the rate of exchange ruling on the date of each transaction. Foreign currency assets or liabilities at the balance sheet date are translated into sterling at the rates of exchange ruling on that date.

Notes to the Financial Statements

at 30 April 2010

Realised profits and losses on exchange, together with differences arising on the translation of foreign currency assets or liabilities, are recognised in profit or loss

Key estimates and assumptions

Estimates and assumptions used in preparing the financial statements are reviewed on an ongoing basis and are based on historical experience and various other factors that are believed to be reasonable under the circumstances. The results of these estimates and assumptions form the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources.

As at the year-end, there are no significant accounting estimates and assumptions that may cause material adjustment to the carrying value of assets and liabilities.

Adoption of new Accounting Standards

The Company has adopted IAS 1 (revised), 'Presentation of financial statements' in these financial statements. The revised standard requires the separate presentation of changes in equity attributable to owners and other non-owner changes. All non-owner changes in equity are required to be shown in a performance statement. The Company has elected to present solely a Statement of comprehensive income. The adoption of this standard has not resulted in a significant change to the presentation of the Company's performance statement as the Company has no elements of other comprehensive income.

The following Standards and Interpretations have also been adopted in the current year, but this has not significantly affected the Company's financial statements:

IAS 39 (amendment), 'Financial Instruments: Recognition and Measurement'

IFRS 7 (amendment), 'Financial Instruments: Disclosures' - which has resulted in some extra disclosures around liquidity, but otherwise does not affect the Company because it did not recognise any financial assets or liabilities at fair value as at 30 April 2010.

IAS 32 (amendment), 'Financial Instruments: Presentation' and IAS 1 (amendment), 'Presentation of financial statements'

IAS 23 (amendment), 'Borrowing Costs'

'Improvements to IFRS' issued in May 2008 and May 2009

The Company is not required to adopt IFRS 8, 'Operating Segments'

Accounting Standards issued but not yet effective

At the date of authorisation of these financial statements, the following applicable Standards were in issue but not yet effective:

IFRS 1 (amendments), 'Additional exemptions for first-time adopters' (effective from 1 January 2010)

IFRS 2 (amendments), 'Group cash-settled share-based payment transactions' (effective from 1 January 2010)

IFRS 3 (revised), 'Business combinations' (effective from 1 July 2009)

IAS 39 (amendment), 'Financial instruments: Recognition and measurement' (effective from 1 July 2009)

IFRIC 17, 'Distributions of non-cash assets to owners' (effective from 1 July 2009)

IFRIC 18, 'Transfers of assets from customers' (effective from 1 July 2009)

IAS 27 (revised), 'Consolidated and separate financial statements' (effective from 1 July 2009)

IAS 24 (revised), 'Related party disclosures' (effective from 1 January 2011)

IAS 32 (amendment) 'Classification of right issues' (effective from 1 February 2010)

IFRS 9, 'Financial Instruments' (effective from 1 January 2013)

IFRIC 19, 'Extinguishing financial liabilities with equity instruments' (effective from 1 July 2010)

Notes to the Financial Statements

at 30 April 2010

The Directors anticipate that the adoption of these standards in future periods will have no material impact on the financial statements

2 Administrative expenses

The Directors receive no remuneration in respect of their services to the Company. Auditors' fees for audit services are paid by the Company's parent, Polar Capital Technology Trust Plc and amounted to £525 (2009 - £525)

3 Taxation

(a) Analysis of charge in year

	2010	2009
	£	£
Corporation tax	5,915	49,176
Total tax for the year	<u>5,915</u>	<u>49,176</u>

(b) Factors affecting current tax charge for the year

The charge for the year can be reconciled to the profit per the Statement of Comprehensive Income as follows

	2010	2009
	£	£
Profit for the year before taxation	21,127	175,628
Tax at the UK corporation tax rate of 28% (2009 28%)	5,915	49,176
Current tax charge for the year	<u>5,915</u>	<u>49,176</u>

No taxation is payable to HMRC by the Company due to group relief being available for tax purposes from the Company's parent, Polar Capital Technology Trust Plc. The amounts shown above are payable to the parent company in respect of group relief

7 Parent undertaking and controlling party

At 30 April 2010 the Company was a wholly owned subsidiary undertaking of Polar Capital Technology Trust Plc, a Company registered in England and Wales, number 3224867 Copies of the ultimate parent undertaking's consolidated financial statements may be obtained from the Company Secretary, Polar Capital Partners LLP, 4 Matthew Parker Street, London SW1H 9NP

8 Related party transactions

The parent company, Polar Capital Technology Trust Plc, surrenders excess expenses to its subsidiary, PCT Finance Limited, to satisfy the subsidiary company's corporation tax liability At the year end, the balance owing to the parent company in respect of this group relief was £3,388,024 (2009 - £3,382,109)

9 Financial instruments

The Company's financial instruments comprise

- equity and non-equity shares which are held in accordance with the Company's investment objectives,
- cash, liquid resources and short-term receivables and payables that arise directly from the Company's operations

The main risks arising from financial instruments are liquidity risk, credit risk and market risk The risks have remained unchanged since the beginning of the year to which these financial statements relate and are summarised below

Liquidity Risk - the Company's assets comprise mainly cash and readily realisable securities which can be sold to meet funding requirements if necessary As at 30 April 2010, the Company did not hold any investments but it had cash balances of £5,562,742 These cash balances were sufficient to enable the Company to settle the £3,388,024 owed to its parent company in respect of group relief, which is the Company's only liability and is payable on demand

Credit Risk - the Company does not consider this risk to be significant as it has limited exposure to third parties in respect of amounts receivable Cash balances are only deposited with financial institutions with a high credit rating The Company assesses all external counterparties for credit risk before contracting with them

Market Risk - market risk arises from the Company's investments because of uncertainty about future market prices It represents the potential loss the Company might suffer through holding a market position in the face of adverse price movements This risk is reduced by holding an appropriate spread of investments No investments were held as at 30 April 2010 (2009 - £Nil)

Market risk also arises on the Company's cash balances, which are held in short term deposits and earn interest at a variable rate A change of 0.25% p.a. in the rates of interest available to the Company's financial assets would increase (or decrease) the profit after tax and shareholders' funds by £9,919

The Company is financed through a combination of share capital, retained earnings and amounts payable to the parent company

Notice of the Annual General Meeting

NOTICE IS HEREBY GIVEN that the Annual General Meeting of PCT Finance Limited will be held at 4 Matthew Parker Street, London SW1H 9NP on 10 June 2010 at 2.30pm for the following purposes

- 1 To receive the report of the directors and the financial statements for the year to 30 April 2010, together with the report of the auditors,
- 2 To re-appoint PricewaterhouseCoopers LLP as auditors to the Company and to authorise the directors to determine their remuneration

By order of the Board
Polar Capital Secretarial Services Limited
