Notes to the Financial Statements

For the Year Ended 31 March 2016

1. Accounting policies

1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 2).

The financial statements are presented in Sterling (£).

The individual accounts of Character World Bidco Limited have also adopted the following disclosure exemptions:

-the requirement to present a statement of cash flows and related notes

The following principal accounting policies have been applied:

1.2 Company information

Character World Bidco Limited is a limited company incorporated in the UK and its registered office is Character World, c/o UHY Hacker Young, St James Building, 79 Oxford Street, Manchester M1 6HT.

1.3 Going concern

The directors consider it appropriate to prepare the financial statements on a going concern basis. After making enquiries, the directors have a reasonable expectation that the company has adequate support from its parent undertaking to continue in existence for the foreseeable future.

Accordingly, they adopt the going concern basis in preparing the financial statements.

Given the current net liabilities position, in their consideration of the going concern assumption, the directors of the entity have obtained confirmation from the parent company that group support will be provided in order to support the company in repaying any liabilities as and when they fall due.

1.4 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

1.5 Investments

Investments held as fixed assets are shown at cost less provision for impairment.

Notes to the Financial Statements

For the Year Ended 31 March 2016

1. Accounting policies (continued)

1.6 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

1.7 Taxation

Current tax is recognised for the amount of income tax payable in respect of the taxable profit for the current or past reporting periods using the tax rates and laws that that have been enacted or substantively enacted by the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date, except as otherwise indicated.

Deferred tax assets are only recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

If and when all conditions for retaining tax allowances for the cost of a fixed asset have been met, the deferred tax is reversed.

Deferred tax is calculated using the tax rates and laws that that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Deferred tax liabilities are presented within provisions for liabilities and deferred tax assets within debtors. Deferred tax assets and deferred tax liabilities are offset only if:

- the group has a legally enforceable right to set off current tax assets against current tax liabilities, and
- the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously.

Deferred tax assets and liabilities are not discounted.

1.8 Group Accounts

The financial statements present information about the company as an individual undertaking and not about its group. The company has not prepared group accounts as it is exempt from the requirements to do so by section 400 of the Companies Act 2006 as it is a subsidiary undertaking of Ensc0 1090 Limited, a company registered in England and Wales, and is included in the consolidated accounts of that company.

Notes to the Financial Statements
