**1. ACCOUNTING POLICIES**

**Basis of accounting**

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Consolidation**

In the opinion of the director, the company and its subsidiary undertakings comprise a small group. The company has therefore taken advantage of the exemption provided by Section 398 of the Companies Act 2006 not to prepare group accounts.

**Turnover**

The turnover shown in the profit and loss account represents amounts invoiced during the year.

**Fixed assets**

All fixed assets are initially recorded at cost.  
The company has a policy of revaluation for freehold properties.

**Depreciation**

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Fixtures & Fittings                    -    20% on reducing balance basis

The director is of the opinion that the high residual value of the freehold property, together with its lengthy useful economic life, means that depreciation of this property is not material and, accordingly, depreciation is not provided. The directors undertake an annual impairment review of the property and also continue to maintain the property to a high standard.

**Deferred taxation**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

**1. ACCOUNTING POLICIES** *(continued)*

Deferred tax assets are recognised only to the extent that the director considers that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

**Financial instruments**

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

**2. FIXED ASSETS**

	<b>Tangible Assets £</b>	<b>Investments £</b>	<b>Total £</b>
<b>COST OR VALUATION</b>			
At 1 September 2013 and 31 August 2014	<u>325,195</u>	<u>1,000</u>	<u>326,195</u>

At 31 August 2013	<u>325,000</u>	<u>1,000</u>	<u>326,000</u>

The freehold property was revalued on 14 November 2011 by Mass & Co Chartered Surveyors on an open market basis at £325,000. The director considers it appropriate to include this valuation at 31 August 2014. The historical cost of the freehold property included above at the valuation of £325,000 was £182,102 (2013 - £182,102).
