

# UPGRADE SUMMARY

Publish Date: 26<sup>th</sup> July 2017

## Your New Feature Upgrades...

**Here's your upgrade summary!** It shows all you need to know about the fantastic upgrades that've just been added to EducationCity.

*So take a look – don't forget to log in and check them out!*

### What's Manage Users?

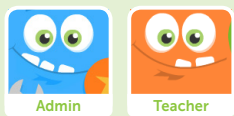

Create individual logins for all of your users so that students' scores are saved, and teachers can access Teacher Features.

#### MANAGE USERS

**New!**

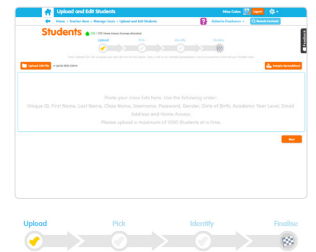

Upload and Edit Feature

Update Available to:

You can edit users in bulk to make updating students easy for you...

In Manage Users, you can now use the Upload and Edit feature to amend your existing users easily and add new ones at the same time. It makes it super simple to update users in bulk, especially if they're going into a new class for the new academic year.

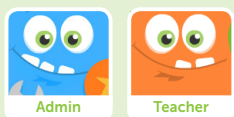

#### MANAGE USERS

**New!**

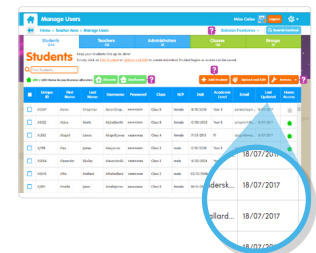

Last Updated Column

Update Available to:

See when a student was last updated!

You can also now see when a student's details were last updated which means there's a really easy way to remember if you have the latest information or not, and to see if your account is up to date.

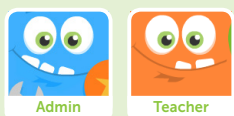

#### MANAGE USERS

**New**

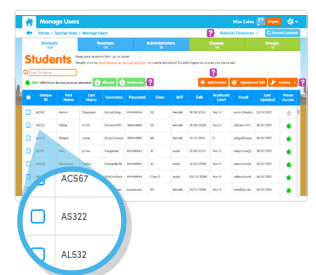

Unique ID's

Update Available to:

ID numbers now show in Manage Users.

With ID numbers, you can easily identify students, especially when uploading and editing students in bulk with Upload and Edit in Manage Users.

## What's a ThinkIt?

Cross-curricular teacher-led tools designed to encourage critical thinking in the classroom. ThinkIts can be used as a lesson warm-up or to elicit students' higher-order thinking skills.

### THINKITS

#### Upgrade!

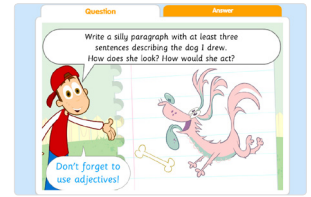

Tablet-Friendly ThinkIts

Update Available to:

ThinkIts are now in HTML5 with a new user-friendly interface!

ThinkIts have been upgraded and are now tablet-friendly. You'll be able to access them in the same way as other content types and they also come with linked question and answer PDFs.

## What's Search?

The Search feature lets you browse all of EducationCity for relevant material. You can add content to MyCities for lessons from here and find content that meets a certain topic you're covering, e.g., Time, Measurement, Space, etc.

### SEARCH

#### New!

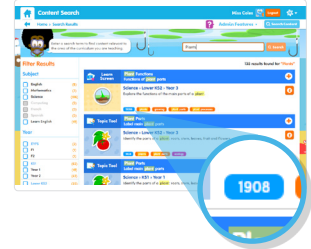

ID Numbers in Search

Update Available to:

The ID numbers are brilliant for finding content quickly and easily.

You can now see ID numbers alongside content in Search. This makes it super simple for you to recommend certain content to other teachers and find it again too.

## What are Hints?

Hints will bring up any handy tips for using that feature. It makes it simpler for you to know what's what on EducationCity. You can also turn Hints on or off at any time at the top of the homepage on EducationCity.

### HINTS

#### New!

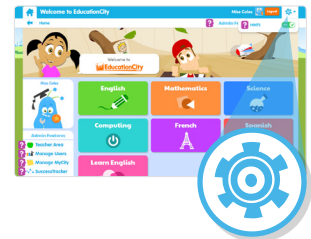

Cog Button

Update Available to:

Hints are marked by a cog button!

Don't worry, Hints are still there but they're now available from within the new cog button. The cog button is now at the top of the screen and you'll be able to turn Hints on or off there.
