Remember to log in and check them all out!

Upgrade!

Login Page

Update Available to:

A new, more modern login page is now live!

You'll be able to log in via our fresh, new login page which is more modern and user-friendly.

You can enter your login details to the left or click on the single sign on options to the right – easy!

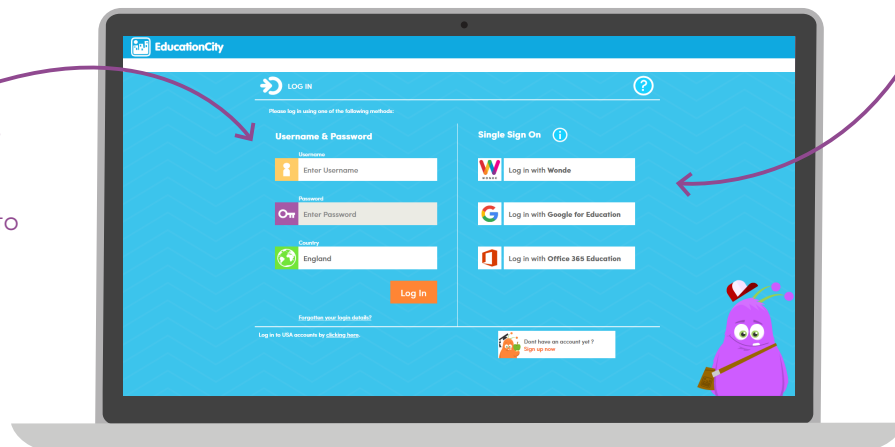

Login Page

Single Sign On

Log in to EducationCity with Wonde, Google for Education or Office 365 Education here.

Login Details

Just use your login details to log in here.

Homepage

Upgrade!

Homepage

Update Available to:

Admin

Teacher

Student

School

Take a look at the fresh homepage!

The new homepage offers all the handy teacher features at the top that save you time.

Whether you want to manage users, set classwork or homework, or even find content by objective, you can do this here.

Visit the ? button to find User Guides, Hints, help and training and more too.

Drop-Down and Left-Hand Side Navigation

Find our helpful teacher resources here.

Header

The header bar is the place where you'll find Preferences, support options and User Guides.

It's also where Admins and Teachers can update their user details and marketing preferences.

Tiles

Pick what you'd like to do at the top.

Drop-Down and Left-Hand Side Navigation

Find our helpful student features here.

Resources

See helpful resources here.

Administrator/Teacher View

Student View

Student Overview

Take a look at your students and keep up to date.

Please note that certain features will differ between the Administrator/Teacher login types.

For more information on these fantastic new upgrades, call our friendly team on +44 (0)1572 725080.
