## MYCITY

MyCities are super handy. They include all the content your child's teacher has set your child to complete for classwork and homework. **Here are three simple pointers you should know about them:**

- 1 **'LOCK' SIGN**  
 This means a MyCity is Sequenced and your child must complete content in the order set.
- 2 **'FLAG' SIGN**  
 If this shows on the last piece of content, your child has completed that MyCity – well done!
- 3 **'DUE' SIGN**  
 This means a MyCity needs completing by a certain date – great for managing any set work!

**TOP TIP!** View MySuccess to see your child's scores from MyCities – perfect for tracking progress!

## MYREVISION

Revision Journals are created whenever a student scores less than 100% on a Test, and are fab for improving Test scores. They group targeted Activities and Learn Screens together to help your child in any subject areas they may find more challenging.

## MYSUCCESS

Here's where you can track your child's progress. This area saves every score your child has achieved and is great for keeping up-to-date with your child's learning, whether in the classroom or at home.

## DISCOVER LEARNING RESOURCES

So with over 7,000 resources, there are many great materials to help with teaching and learning. Here are just some types of content you could explore should you be looking to support your child with Language Arts:
