

Certificate of Analysis

Product Name Amylase 10P
Code A010P/4.5
Batch No 71332329
Storage <20°C

Best Before Date 09 July 2014

Kosher

Kosher Parev

ACTIVITY (u/g)*	SPECIFICATION		Value (u/g)*
	Minimum	Maximum	
Alpha-Amylase	24300	29700	26998

This is a non-signed computer generated document issued after release by Quality Assurance

Issue Date 10 July 2013

Best before date refers to the period of time the enzyme is guaranteed to stay within specification. Above is the recommended storage temperature for this product. If stored in accordance with these instructions the activity should remain within specification for the given period.

Produced to purity and microbiological specifications as outlined in FCC/JECFA/WHO/FAO recommendations for enzymes in food processing.

All assay procedures and unit definitions are available on request.

* unless otherwise specified
