

Your dreamy
365 night sleep
trial starts now

mattressnextday

Love it, or send it back!

Our goal is to make every night, the BEST night's sleep. Your new mattress should make going to bed the best part of the day. So if you're not happy with your new mattress, then we're not happy either. From the day the mattress is delivered to your home, you have 100 nights to sleep on it, get cosy on it, love it or simply, return it.

To sleep, or not to sleep...

We think you'll love your new mattress because thousands of other sleepers already love theirs. BUT, if, after 50 nights of the sleep trial duration from the date of delivery, you are not completely happy with your mattress (but before the sleep trial period ends), just notify us that you wish to invoke a sleep trial return. You can do this by emailing the sleep team

at sleeptrial@mattressnextday.co.uk

Sleep trial need to knows

1. Your 365 night sleep trial ends 366 days from when your new mattress arrives at your door, so you get the optimum amount of nights' sleep to try it out.
2. We think that by 50 nights, you'll have had a good amount of time to test your mattress properly, so we do encourage you to sleep on it for at least 50 nights - we can't accept it back before then.
3. If you want to send your mattress back to us (no hard feelings) contact our sleep team at sleeptrial@mattressnextday.co.uk - we will want to see some photos of it in a clean, presentable condition.
4. For us to be able to accept a return, please have proof of purchase handy when contacting our sleep team (your order confirmation email will do).
5. Only the person that bought the mattress can send it back for return, and please don't go taking it on holiday - the Sleep Trial only applies to mattresses that remain in the UK.
6. Feel free to remove all the original packaging from your mattress, but do make sure you use a mattress protector while you're testing it out. Remember, if you want to send it back to us, it must be in a clean and presentable condition.
7. Please don't go throwing your mattress down the stairs - the Sleep Trial won't apply to mattresses that are defective due to misuse or wilful damage (we know you wouldn't anyway).
8. And don't worry, we wouldn't dream of asking you to get it back in the box!
