Tailor-made solutions and training programs

Training programs are tailor-made to meet customer needs - operational needs, threats, and missions - and focus on key training disciplines in core fields of activity.

IMI Academy™ is a world-leading center of excellence for special forces training for military counter-terrorism and law enforcement forces, offering a wide range of training programs and integrated solutions. The Academy is authorized by the Israeli Ministry of Defense, Israeli Secret Service, Ministry of Public Security and the Israeli Police. IMI Academy™ programs support the demanding challenges faced by customers in their various fields of activity in Israel and around the world

As a provider of turnkey solutions, IMI Academy™ offers its clients integrative, multi-layered, multi-disciplinary and innovative training programs that provide a comprehensive solution to a wide range of operational needs. In addition, the Academy offers assistance in formulating, assimilating and implementing combat doctrines and tactics in the field, situation analysis to target solutions to meet specific goals, and providing equipment, weapons and full logistic support (ILS).

Training - The Key to Success

IMI Academy™ specializes in a wide range of comprehensive day/night warfare training programs, drawn from the wealth of accumulated knowledge and experience of the Israeli security establishment. All IMI Academy™ instructors have served as officers and instructors in the elite units of Israeli Security Agencies and Special Forces. The Academy offers advanced methods of instruction in a full range of training facilities built to meet customer needs. Training can be conducted in our facility or in the customer's country.

All-in-One Facility

IMI Academy™ training facility incorporates advanced training methodologies and advanced equipment. Training and teaching areas include classrooms and an auditorium, tactical fire ranges for various distances, shooting simulators, Krav Maga halls, an operational driving center, an obstacle course, an urban training center including underground warfare tunnels, a close quarters combat (CQC) center for training in live fire (360) and performance analysis. The facility offers a complete logistic solution including accommodations, transportation and dining.
