

STANDARD CONDITIONS OF SALE

The catalogue description and any exhibition of samples are only broad indications of the Products. Drury Precision Engineering Limited may make design changes which do not diminish their performance or visual appeal and supplying them in such state shall conform to the order.

The Buyer acknowledges no representation or warranty (other than as to title) has been given or will apply to the Products other than those in Drury Precision Engineering Limited order or confirmation and the Buyer confirms they have chosen the Products as being of merchantable quality and suitable for its particular purposes.

The Buyer is responsible for ensuring that the warranty on the motorcycle is not affected by the fitting of the products.

On return of any defective products Drury Precision Engineering Limited shall at its discretion either supply a replacement or refund the purchase price but shall not be liable if the Products have been modified or used or maintained otherwise than in accordance with Drury Precision Engineering Limited instructions and good engineering practice or if the defect arises from accident or neglect.

Other than identified above and subject to Drury Precision Engineering Limited not limiting its liability for causing death and personal injury, it shall not be liable for indirect or consequential loss and otherwise its liability shall be limited to the amounts paid by the Buyer for the Products.

These terms do not affect the Buyer's statutory rights. If you require any further information, then please contact us:

If you do not have internet access, you can obtain our Terms and Conditions by writing to us at the below address

RETURNS, REFUNDS AND REPLACEMENTS

We hope you are happy with your purchase from Evotech Performance. However, if you wish to return or replace a product, then please carefully read the information and follow the instructions below before sending back your item.

If, within 30 days, you wish to return a product that is not faulty, we will be happy to accept it back, providing that it is undamaged and in a re-sellable condition. You will have to pay the return postage and we will discount your refund by a 10% re-packaging and re-stocking fee. We will not refund the original postage.

If the product is faulty, or the wrong part, or any other reason that is our fault we will also refund the return postage costs.

In either event, please ask for advice when you wish to return anything by calling 0800 634 2801 or by emailing sales@evotech-performance.com, we will advise the best method of returning it.

If a product should develop a fault after 30 days, please contact us to discuss.

Please let us know why you wish to return the product.

If you are returning faulty goods, you are entitled to a refund or a replacement part. Please indicate which you prefer.

Please ensure that the goods are packed securely, and include all of the original parts, using the original packaging where possible. If necessary place in suitable extra packaging to protect the goods whilst in transit to us.

Please make sure that you obtain and retain Proof of Posting Certificate from the Post Office when you return your goods. This is to protect you in the event that your goods are lost in transit; they remain your responsibility until they reach us.

Installation Instructions

**TRIUMPH STREET TRIPLE
TAIL TIDY
FITS YEARS 2007 - 2012**

Product Reference – 7505

Kit Contents

1 x Reflector
1 x Reflector bracket
2 x Number plate screws & nuts
2 x M6 flange nuts
3 x M5 x 15 countersunk screws
3 x M6 black washers
5 x M6 x 16 black b/h bolts
6 x Cable ties

Fitting Instructions

1. Remove seat and rear side panels. Remove cover panel in centre below original rear fender (Underside) (3 x screws-two are plastic plug type).
2. Inside seat space, disconnect the number plate light and indicators. Mark indicator wires left or right for re-fitting.
3. Remove rear light cowl, undo the 4 x M12 hex headed bolts holding the tail unit and gently lower from bike. Disconnect pressure switch mounted to the bracket.
4. Remove indicators and number plate light. Fit indicators onto new bracket using 2 x M6 x 16 screws and 2 x Flange nuts (supplied). Fit number plate mount to mounting arms using 3 x M5 x 15 countersunk screws.
5. Fit number plate light using original screw and nut. Neatly cable tie wires at back of bracket.
6. Remove pressure switch from original bracket and secure to new main mounting bracket, connect wires. Fit this support bracket to the frame using 4 x original M12 hex bolts.
7. Pull the wires through to the rear of the bike and reconnect indicators and number plate, carefully suspending the part assembled bracket.(Check indicators operate correctly).
8. Whilst offering the tail light surround back onto the bike, lift the indicators/light bracket into position and push the wires through into the seat space ensuring that none get trapped, keeping them between the plastic surround and the upper surface of the tail tidy bracket.
9. Use the remaining 3 x M6 x 16 screws and the 3 x M6 washers to bolt to previously mounted bracket.
10. Secure the original light surround by re-fitting the original cover panel and upper side panels. Re-fit seat and number plate.
