

Standard Conditions of Sale

The catalogue description and any exhibition of samples are only broad indications of the Products and Drury Precision Engineering Limited may make design changes which do not diminish their performance or visual appeal and supplying them in such state shall conform to the order.

The Buyer acknowledges no representation or warranty (other than as to title) has been given or will apply to the Products other than those in Drury Precision Engineering Limited order or confirmation and the Buyer confirms it has chosen the Products as being of merchantable quality and suitable for its particular purposes.

The Buyer is responsible for ensuring that the warranty on the motorcycle is not affected by the fitting of the products.

On return of any defective Products Drury Precision Engineering Limited shall at its option either supply a replacement or refund the purchase money but shall not be liable if the Products have been modified or used or maintained otherwise than in accordance with Drury Precision Engineering Limited instructions and good engineering practice or if the defect arises from accident or neglect.

Other than identified above and subject to Drury Precision Engineering Limited not limiting its liability for causing death and personal injury, it shall not be liable for indirect or consequential loss and otherwise its liability shall be limited to the amounts paid by the Buyer for the Products.

These terms do not affect the Buyer's statutory rights.

Please note that the above is for your information only and does not constitute the Terms and Conditions of your purchase. These can be found on our website www.evotech-performance.com. If you do not have internet access, you can obtain our Terms and Conditions by writing to us at the above address.

Returns, Refunds and Replacements

We hope you are happy with your purchase from Evotech Performance. However, if you wish to return or replace a product, then please carefully read the information and follow the instructions below before sending back your item.

If, within 30 days, you wish to return a product that is not faulty, we will be happy to accept it back, providing that it is undamaged and in a re-sellable condition. You will have to pay the return postage and we will discount your refund by a 10% re-packaging and re-stocking fee. We will not refund the original postage.

If the product is faulty, or the wrong part, or any other reason that is our fault we will also refund the return postage costs.

In either event, please ask for advice when you wish to return anything by calling 0800 634 2801 or by emailing sales@evotech-performance.com, we will advise the best method of returning it.

If a product should develop a fault after 30 days, please contact us to discuss.

Please let us know why you wish to return the product.

If you are returning faulty goods, you are entitled to a refund or a replacement part. Please indicate which you prefer.

Please ensure that the goods are packed securely, and include all of the original parts, using the original packaging where possible. If necessary place in suitable extra packaging to protect the goods whilst in transit to us.

Please make sure that you obtain and retain Proof of Posting Certificate from the Post Office when you return your goods. This is to protect you in the event that your goods are lost in transit; they remain your responsibility until they reach us.

Kawasaki ZX250R/ZX300

Radiator Guard

Installation Instructions

Product Reference - 8000/10951

www.evotech-performance.com

Kit contents

1x Evotech Radiator Guard

Fitting Instructions

ZX250

1. Remove two screws and 2 push centre plugs securing each of the two inner fairing panels either side of the radiator. Do not remove panels.
2. Remove four radiator mounting bolts. Be careful with top L/H bolt as it also mounts the horn bracket.
3. Carefully slide the radiator guard into position making sure that the top two tabs go behind the top mounting bracket along the top of the radiator.
4. Discard the two original washers and loosely refit the bottom two mounting bolts.
5. Making sure that tabs are behind top main bracket, refit top mounting bolts, refitting horn bracket. Tighten all four bolts.
6. Refit fairing inner panels

Warning

Evotech radiator and oil cooler guards have been designed and manufactured to optimise the balance between air flow and protecting the radiator/oil cooler on your bike.

Consequently the small reduction of air flow may lead to increased engine temperatures. We advise that on particularly hot days, the rider should monitor the engine temperature and, if necessary, stop until the engine has cooled.

Particular care to adhere to this advice is recommended in countries where high ambient temperatures are likely to occur.

It is recommended that periodic inspections are made to ensure that dirt and debris have not become trapped between the guard and the radiator/oil cooler. Such dirt and debris would reduce the cooling efficiency of the radiator/oil cooler.

Kit contents

1 x M6 x 30 button head s/s

Fitting Instructions

ZX300

1. Remove front inner panel 5 push pins and 2 bolts. (See picture).
2. Remove all 4 bolts that hold the radiator and horn bracket into position
3. Fit the radiator Guard using two original bolts for bottom of the guard and one original bolt for top left. Use the M6 x 30mm bolt to secure the horn bracket to the radiator.
