

# As part of the Bliss Baby Charter:

**93%** of neonatal units in the UK are making improvements in the way they care for babies

**75%** of neonatal units have provided evidence of how they are improving the way they care for babies

In the last year Bliss has given feedback to **77** neonatal units to help them improve the way they care for babies

In the next year, an estimated **10,000** families in neonatal care will benefit from improved mental health support

Bliss awarded **5 neonatal units** with the Bliss Baby Charter Accreditation
