## Experienced Roof Truss Designer

### General

#### **Location of Employment**

The position will be located at our design office in Redruth.

#### **Remuneration Package and terms of employment**

We recognise that to attract first class people to join the Perran Trusses team we should reflect that by way of salary, however while we would consider ourselves to be competitive any salary offered would be dependent on qualification and experience.

### Application Process.

#### **How to apply**

Candidates should apply by submitting a CV and a covering letter setting out why they feel they are suited to the position.

Applications should be emailed to: [gary.kent@framehomes.co.uk](mailto:gary.kent@framehomes.co.uk)
