

Plymouth Rewilding Network: Sept - Oct 2021

Join the Green Minds team as we help to create a rewilding network across Plymouth.

In July 2021, we held a summer social & were joined by people from all over the city to talk about how to set up rewilding areas within their own communities. We shared some useful guidance to help you start your rewilding project at:

www.greenmindsplymouth.com/news/summer-rewilding-network-social

Now we have arranged these events to help you take the next steps to rewild your local space...

Thursday 16th September, 12:30pm - 1:30pm: Moths to a Flame training session at Poole Farm

Learn how to run Moths to a Flame activities - a great way to encourage more people to your community events & engage with your ideas for a rewilding project!

Booking essential - find out more & book your place at www.tinyurl.com/mtaf21pf

Wednesday 22nd September, 6pm - 7pm: Introduction to habitats in Plymouth Webinar

Find out about the plants & wildlife that make up the variety of habitats found in Plymouth & how they can be managed. Learn about how you can help nature at home & in your local community.

Booking essential - find out more & book your place at www.tinyurl.com/plymhabitatswebinar

Thursday 7th October, 6pm - 7pm: How to Rewild! Online Q&A with Devon Wildlife Trust

For anyone interested in running a rewilding project but are in need of some ecological expertise!

Booking essential - find out more & book your place at www.tinyurl.com/rewildingqa

Thursday 14th October, 6pm - 7:30pm: Rewilding in your community – Ideas into Action Online Workshop

Join POP Ideas to learn about how creating a community group & working with others could help achieve your rewilding project!

Booking essential - find out more & book your place at www.tinyurl.com/gmideasintoaction
