

Did you know that a member of the Target Tracker Helpline team could be booked to provide tailored onsite support in your school?

This service is offered to schools who need assistance with the fundamentals of the Target Tracker software and is intended for one or two members of staff.

As well as supporting new and existing teaching staff, we can also offer support to:

- School Administrators
- Data Managers
- Support Staff

We can offer support in the following areas:

- End of year data returns
- Assessment data entry
- Software installs & updates
- Contextual data updates from your MIS

[*For details of our full service please click this link.](#)

The cost of this support is £75.00 per hour* plus mileage + VAT

**The minimum length of the visit is determined by the distance the school is from our base in Essex, and would be between 2 and 6 hours.*

Call 0345 200 8600 (Option 2) or email support.tt@EESforschools.org to discuss your needs or book a visit.

Software Onsite Support

“
Maria was really helpful both with the checking and input of our data, but also with advice on reports available to use in school. Much appreciated!

”

Sharon Dalby, The Alderton Infant School, Loughton
