GREETINGS FROM FONTAINEBLEAU MIAMI BEACH!

“What first attracted me to Fontainebleau can be summed up in two simple words: endless possibilities.”—Jeffrey Soffer, Chairman & CEO

Inspired by famed architect Morris Lapidus' emblematic curvilinear façade, whimsical interior elements, and bold, creative thinking, we took this extraordinary hotel by the sea, a Miami Beach landmark since 1954, and reinvented the iconic property for a modern interpretation. At Fontainebleau we are unique and original without compromise, filled with character, personality, history and culture, and offer our guests new and unexpected ways to experience glamour and style.
