

An icon by the sea

It is the surprise of seduction. Guests, transformed into privileged witnesses of unique sunrises and sunsets, can relax with an oriental massage in private natural caves, use the private jetty to immerse themselves in a world of distinction and personal experiences, awaken their senses with new gastronomic sensations, and let their imagination soar in the pool, with their eyes set on infinity. Our name is no coincidence.

Sea and sky come together in this privileged location in Mallorca, where you will enjoy a stay surrounded by shades of blue and the salty sea breeze across the two buildings that make up our hotel. The Palace overlooks the sea and sky, while the Natura Building, with its quintessentially Mallorcan architecture, features spaces transformed into art and style, surrounded by breathtaking views and the scents and sounds of the sea.

Location

Immerse yourself in the waters of Mallorca and feel the sea breeze from our hotel's private jetty, the perfect starting point for your maritime adventure and a wide range of water activities.

At Hospes Maricel & Spa, you will have up to three different accesses to the beach, in a peaceful residential area just 4 km from Puerto Portals, 8 km from La Seu Cathedral, and only a 10-minute drive from the city's main shopping avenue.

Gastronomy

At the Restaurant, you will discover traditional dishes with avant-garde twists. At the Pool Club, in collaboration with Oyster Menorca, you can enjoy oysters, Champagne, caviar and delicious dishes, all complemented by privileged views of the Mediterranean Sea.

But without a doubt, the most special moment here is the "Best Breakfast in the World" a truly innovative culinary experience that you can enjoy between sea and sky.

Rooms & Suites

The rooms located in the Natura Building feature walls made of locally sourced stone and a palette of colours that harmoniously blends designer furniture with contemporary interior design. The rooms in the Palace Building offer a warm and inviting atmosphere, decorated in Mediterranean tones with subtle references to Mallorcan craftsmanship, seamlessly combining contemporary interiors with carefully selected furnishings.

Bodyna Spa

The sea breeze becomes an essential part of the treatments at our summer spa, overlooking the coastline. At our other spa, located in the Natura Building, serenity is created through natural elements such as wood, stone, air and sea. Let the sound of the waves accompany you as you enjoy a relaxing massage and a selection of beauty treatments.

At our spa, we are committed to using natural, organic-based cosmetics for our personalised manual treatments. Our products are from the French brand Cinq Mondes and have been specially selected to ensure the utmost care and the highest quality.
