Restore Where You Belong

Here, the day begins in quiet calm, in perfect harmony with nature's rhythm.

The first light of morning grazes the towering cliffs, while a gentle breeze carries the scent of the sea through the whispering trees. Beneath their shade, your table is set, inviting you to savour the moment. As you enjoy breakfast, you find yourself immersed in the magic of this serene atmosphere.

As the sun rises, the sea calls.

The refreshing embrace of crystal-clear waters, followed by the finest flavours of Mediterranean cuisine... You won't be able to take your eyes off the cliffs. Because this is Rups – a sanctuary of nature and freedom, named after the towering rocks that define its soul.

Enjoy the mesmerising natural scenery of towering cliffs while savouring expertly cocktails crafted by our esteemed mixologists.

And then...
As the sun sets, the sky becomes a masterpiece.

Each evening, shades of pink, orange, and deep purple melt into the horizon, casting the cliffs into a dreamlike silhouette.

As you sip on expertly crafted cocktails, enveloped in soulful music, you watch the sun dip below the horizon, surrendering to the magic of the moment.

This is the golden hour at Rups.

Here, the stars don't shine just in the sky.

Popular DJs take the stage, the rhythm intensifies, and music echoes through the cliffs. A night filled with electrifying energy and boundless excitement...
Where time fades away, and only music and freedom exist.
