Sustainability and Eco-friendliness

Close to 100 plant species

spanning **12,000** sqm of foliage, covering more than **300%** of the hotel's land area

360 photovoltaic panels generate 23,000 kilowatt-hours of clean energy

Design of the terraces allows cross ventilation, self-shading and daylighting, reducing overall dependency on energy

Luxurious amenities are presented in **recyclable pump bottles**, eliminating plastic waste

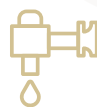

Separate recycling bins are available in all guest rooms

Food digesters break down up to **1 tonne** of food waste within 24 hours in a safe and environmentally friendly manner into liquid, which is recycled for self-cleaning

Motion and rain sensors regulate energy and water usage

In-room filtered water dispensers eliminate single-use plastic

BCA Green Mark Platinum and GSTC certified
