EXPLORE LIFE AND NATURE WITH ALUVIA

With characteristic geometrical blades made from aluminium, the Aluvia lamp has a distinctive edge, while being lightweight and durable at the same time. Aluvia amplifies the beauty of your interior design, making your home cosy, classic and refined, while also bringing a touch of nature inside through its organic shape.

Søren Ravn Christensen, Founder and Chief Creative Developer says: *"Imagine if flowers could light up. They would create the most playful dancing shadows, spinning around and making everything come to life! Aluvia embodies just that – nature's magic in your home."*

Start your journey from the depths of the oceans, to the bustling city, passing through the enchanting forests, all in one eclectic product.

We take the story of Scandinavian design further than ever before by combining aesthetics, simplicity and functionality and infusing it with thoughtful craftsmanship and environmental care. Our designs are deeply rooted in the diverse urban landscape and raw nature surrounding our home in the heart of Copenhagen, Denmark. Having begun our journey in November 2008, we are celebrating our 10th anniversary this year by constantly growing and expanding the conventions around contemporary design.
