STYLIST TESTIMONIAL

Transitioning from Stylist to Lead Stylist or Senior Stylist allows you to share your passion while reaping rewards of the Mentor Bonuses right from the start!

“I take great joy in showing others how to get salon-quality nails, lashes, and premium skincare without breaking the bank! This is truly my passion. I spend a few hours a week and fit MeAmora in to pockets of time.

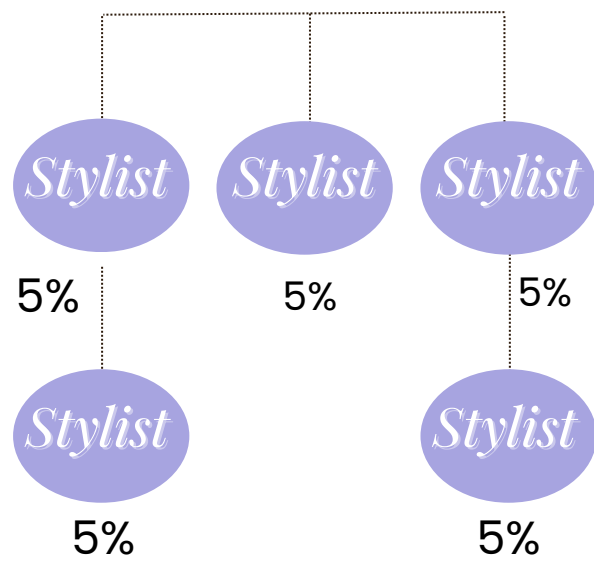

A few of my customers loved the products so much that they decided to join me in the MeAmora journey!

Typically, my monthly commissions and mentor bonuses amount to around £100. It pays for fun outings with my kids, and last year, my MeAmora earnings helped cover the costs of Christmas, which was such a big help for us as a family!”

EXECUTIVE LEADER TESTIMONIAL

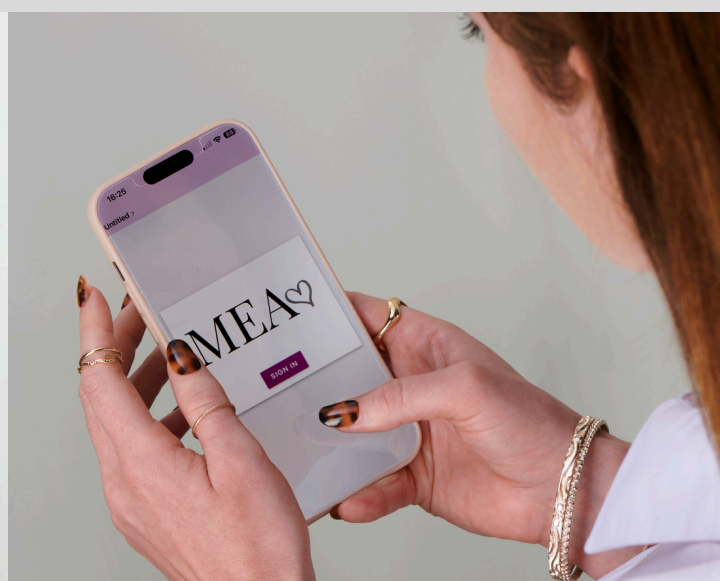

Executive Leadership Levels are where mentorship and duplication gain real momentum. Execs focus on mentoring, developing, and empowering others to duplicate success.

"As an Executive Leader, I typically earn over £1,500 each month. I no longer have the dreaded work commute; I can manage the school run daily, I can work my business from anywhere which perfectly fits my hectic family life. Each week I have a 1 hour team check in zoom, book in some 1-2-1 calls, schedule my social media content, and try to do at least 1 Glow & Go session in person. All in all I spend about 8-10 hours per week doing MeAmora, and that works perfectly for me!

I have access to the latest nail and lash trends, my skin has never looked better, and I get to help people save money on their products and show how to earn money as well! It's a delight to be building my beauty empire!

I am always striving to keep moving up. The additional bonuses and incentives are incredible. My rank advancement bonuses have always gone into the family holiday fund!"
