

RoT Re-recognition and Revalidation

- Review of RoT recognition by NES for PG roles, University for UG is aligned with your revalidation date.
- Like everything else for revalidation, ideally do a little bit every year over a 5-year cycle.
- Please make sure that the documents to support your status are uploaded in the RoT section (and ideally use the supporting evidence template)
- Your supporting documentation will include information about:
 - what you do (timetables, rotas, teaching plans, Measurement of Teaching (MoT) data etc.);
 - why you do it in that particular way (best practice identified from literature, attendance at training, discussions with colleagues, journal clubs, reflective notes etc.);
 - how well you do it (student or trainee feedback, multi-source feedback, peer observation etc.)
- Your RoT recognition status is flagged to the MED team as part of your revalidation and they will review all of your supporting evidence on the form 7s on SOAR and make a recommendation to NES about re-recognition.

CPD for trainers

There are a variety of courses & conferences available from NES (Scottish Medical Education Conference), SEFCE (South East Faculty of Clinical Educators), specialist societies and Colleges/ Faculties.

SE Scotland trainers can access a Miad refresher course: <https://miadbookingportal.co.uk/>

SEFCE Clinical Educator Programme revalidation cycle:

<https://www.clinicaleducator.org/en-gb/page/revalidation-1>

Please remember that any information from CEP will need to be uploaded to SOAR.
