Strategic Risk Register Comprehensive Summary

The Strategic risk register is a jointly owned document that is regularly reviewed and updated

The risk is assessed before mitigating controls and after controls are in place using the tables below. Likelihood is multiplied by Impact giving a total score.

An Engagement Board has been established, Chaired by the	Head of Territorial Policing. The I	Board has developed a joint OP	CC and Force Engagement
Strategy and action plan ensuring close liaison between the F	PCC's Office and the Constabular	ry. This helps a consistent and t	ransparent approach to
public engagement activity as well as a mechanism for monit	oring the effectiveness of public	engagement activity. The Dire	ctor of Communications
(OPCC) and the Head of Communications (Constabulary) wor	k closely together to ensure bot	h organisations activities are m	utually supporting.
There is further liaison with communication leads in Bedford	shire and Hertfordshire relating	to collaboration. There is proac	tive engagement with and
monitoring of media by the OPCC and Constabulary jointly a	nd separately in order to provide	proactive responses to criticis	m and positive activity. The
Commissioner and Constabulary websites are constantly mo	nitored for compliance with Pub	lication Schemes and guideline	s set by the Information
Commissioner's Office. The Commissioner's overall engagen	nent is under-pinned by on-going	g engagement activity with the	public including street
surgeries, one to one meetings with citizens, events, public n	neetings, newsletters and corres	pondence. He is supported by	the Outreach Worker
Programme. Local Policing Teams use a variety of contact ch	annels including e-Cops, local cri	me panel meetings, media and	through partnership work.
