PROVISIONAL OUTTURN 2016/17 AND MEDIUM TERM FINANCIAL PLAN RISKS

1. Introduction

1.1 This report provides the Business Co-ordination Board (the “Board”) with and update on finances of the Police and Crime Commissioner (the “Commissioner”) and discusses the following areas:

- Provisional revenue outturn 2016/17
- Provisional capital outturn and financing 2016/17
- Reserves position as at 31 March 2017
- 2017/18 to 2020/21 Medium Term Financial Plan (MTFP) Risks and Issues

1.2 The capital and revenue reported outturn is provisional and subject to the audit of the 2016/17 Annual Statement of Accounts.

2. Recommendation

2.1 The Board is asked to note the:

- a) provisional outturn for revenue and the reduced level of reserves contribution required in 2016/17;
- b) provisional outturn for the capital programme and the slippage of £1.604m that will be carried forward into 2017/18;
- c) earmarked reserves position as at 31 March 2017;
- d) risks associated with delivering a balanced budget for 2017/18 and the on-going risks this presents to the MTFP;

- e) current position of the Bedfordshire, Cambridgeshire, and Hertfordshire (BCH) collaboration units and the need to ensure that these are kept under constant review to ensure that both operational and financial efficiencies are being delivered.

3. Revenue Outturn 2016/17

- 3.1 The draft revenue outturn for the Commissioner's budget is an underspend of £584k which results in a reduced contribution required from the Budget Assistance Reserve of £1.383m. **Table 1** below shows how this underspend is broken down and each section I subsequently discussed in this report.

Cambridgeshire Constabulary

- 3.2 The provisional revenue outturn for Cambridgeshire Constabulary (the "Constabulary") is an underspend of £109,000. A breakdown of this outturn is shown in Table 2 below.

3.3 The budget at the end of March was underspent by £109k or 0.09% of net revenue budget (2015/16 outturn showed an underspend of £1,479k or 1.2%).

3.4 A detailed subjective report is set out at Appendix 1, together with notes giving a commentary on significant budget heads.

Office of the Police and Crime Commissioner

3.5 The provisional revenue outturn for the Office of the Police and Crime Commissioner is an underspend of £81,000. The main reasons for this are:

- Employees underspend of £48k due to vacancies
- Premises underspends of £18k due to the OPCC moving to the Police HQ
- Underspends on legal and audit fees of £35k
- Other running cost overspends of £19k

Grants

- 3.6 The adverse variance shown in table 1 against the grants is due to £100k coming from the Casualty Reduction and Support reserve, which is a year-end process.

The remaining additional spend was on Victims Services Commissioning in line with the Commissioner's commissioning intentions and Police and Crime Plan objectives.

Capital Financing Costs

- 3.7 There is a £551k underspend in this area. This is primarily caused by a £603k underspend in revenue contributions to capital which is offset by additional revenue costs for Enterprise Resource Planning (ERP) set up costs in the Constabulary's budget which are revenue related costs, not capital. The net impact of this on the overall revenue budget is nil.

4. **Capital Outturn**

- 4.1 The final capital programme for the year 2016/17 was £8.626m and the final spend was £6.783m, an underspend of £1.843m. The summary capital programme is shown in **Table 3** below along with the capital financing. The Revenue Contributions to Capital Outlay (RCCO) has been divided to provide additional information and clarity on the sources of revenue funding of the contribution. And the impact of the capital financing on the year end reserves position is shown in section 5.

5. Reserves

5.1 The draft reserves position is presented in **Table 5** below.

Capital Receipts Reserve	1,730	1,202	(1,749)	1,183
Total Usable Reserves	28,323	4,604	(7,182)	25,745

5.2 The General Reserve is held primarily as a contingency for the cost of major police operations. This reserve currently totals £7.2m or 5.5% of the Net Budget Requirement for 2017/18 which is considered a prudent percentage of the total budget to hold as a general reserve for operational contingencies.

5.3 A number of earmarked reserves are also held, primarily to deal with insurance, collaboration and capital expenditure, as well as the Budget Assistance Reserve. The Budget Assistance reserve currently stands at £7.9m and is used to deal with any short-term fluctuations in the budgeting cycle, for example where saving plans need a short period for implementation before the full savings come through such as the Local Policing Review. In 2016/17 £1.852m of the reserve was used with £1.383m used to balance the revenue budget and £0.470m used for capital.

6. 2017/18 Budget and MTFP 2018/19 – 2020/21 Risks

6.1 The MTFP for the period 2017/18 to 2020/21 showed a balanced budget for 2017/18 but with a budget gap of £8.831m. The 2017/18 budget had savings of £1.054m and a vacancy factor within staffing of £2.869m but with no call on reserves budgeted for.

6.2 The first formal budget monitoring for 2017/18 is still to take place but the current position is showing they maybe be a call on reserves of between £1m and £2.4m. This is caused by a number of factors:

- Savings in the employee budgets and contract payments offset by,
 - Increased pension costs,
 - Implementation costs of Athena and introduction of new Tasers, and
 - Impact of need to delay implementation of ERP system until after Athena implementation

6.3 There a number of actions being taken by the force in order to ensure they operate within the budget window including:

- The local policing review which may bring about savings in the latter part of the current financial year, and
- Ongoing pressure within the BCH collaboration programme to ensure savings are delivered, to the benefit of all three forces (see section 7 below).

7. BCH Collaboration

7.1 Appendix 2 shows the BCH collaboration units and the projected financial performance of these for 2017/18 through to 2020/21 and compares these against both the original full business case (FBC) and saving that have been included in the MTFP. The key points are:

- No collaborated unit is delivering the level of savings anticipated within the original FBC's with the saving projected to be delivered for Cambridgeshire down by £1.873m.
- The level of savings actually included in the MTFP were £0.288m, which when compared with the projected savings of £0.602m, produces additional savings of £0.314m.
- There are risks with the delivery of these lower level savings, particularly around ICT (savings projected of £0.383m) and HR where it is projected to have additional costs of £0.356m

7.2 A BCH governance action plan was agreed by the Strategic Alliance Summit, including a review of the Human Resources (HR) and ICT units and rebasing these.

7.3 Savings are required to be delivered by the collaboration units in order to ensure the MTFP of the Commissioner remains balanced over the period. Currently this represents a risk.

7.4 It is therefore important that all collaboration units are kept under review, but particularly HR and ICT, to ensure they are delivering efficiencies both operationally but also financially.

7.5 BCH governance process have been refreshed in order to contribute to the mitigation of this risk.

7. Recommendation

7.1.1 The Board is asked to note the:

- a) provisional outturn for revenue and the reduced level of reserves contribution required in 2016/17;
- b) provisional outturn for the capital programme and the slippage of £1.604m that will be carried forward into 2017/18;
- c) earmarked reserves position as at 31 March 2017;
- d) risks associated with delivering a balanced budget for 2017/18 and the on-going risks this presents to the MTFP;
- e) current position of the BCH collaboration units and the need to ensure that these are kept under constant review to ensure that both operational and financial efficiencies are being delivered.

Notes

1. **Outturn Net Budget Requirement (NBR)**
 - 1.1 Outturn NBR at year end is £109k underspent for the financial year.
- 2 **Police Officer pay and allowances** is £170k underspent. Strength for non-collaborated units at 1st April 2016 was 1,159.12 FTE (headcount of 1,189) and on 31st March 2017 was 1,114.71 FTE (headcount 1,143) against the budgeted establishment of 1,140.31 FTE. This includes 16 new starters on the 20th March 2017.
- 3 **Police Officer Overtime** is £61k overspent
- 4 **PCSO pay and overtime** is £525k underspent. This is the result of a shortfall in strength against establishment. Strength at the start of the year being 133.08 FTE (headcount 138) and on 31st March 2017 was 132.65 FTE (headcount 138) against the budgeted establishment of 150 FTE.
- 5 **Support Staff pay** is £310k underspent, primarily due to staffing costs being moved to collaboration set up costs (ERP). Strength for non-collaborated units stood at 592.73 FTE (headcount 704) on 1st April 2016 and 536.38 FTE (headcount 647) as at 31st March 2017. Budgeted establishment was 558.04 FTE
- 6 **Training** non-collaborated spend is £41k for which there was no budgetary provision. This was primarily on CDD and Chief Officers.
- 7 **Pensions – Notional Employer Contributions** is £324k underspent. This is due in part to a higher than anticipated proportion of officers either deciding not to join or opting out of the pension scheme.
- 8 **Premises Costs** are £123k underspent. This is partly as a result of the reduced utilities usage due to the mild winter, and partly due to lower than expected price increases on wholesale market prices.
- 9 **Vehicle running costs** underspend is mainly fuel, with the anticipated increase in cost per litre not materialising.
- 10 **Vehicle recharges** is underspent by £11k against budget. This includes the capital side of the recharges made for vehicles to the JPS collaborated units.
- 11 **Computing/Communications costs** overspent by £86k, this is primarily down to additional licencing costs.

- 12 **Insurance and Risk Management** overspent by £424k, due in part to under budgeted vehicle repairs; the remainder is provision and reserve as a result of the Insurance fund audit actuary's report.
- 13 **Police National Computer** overspent by £12k, due to additional unbudgeted Home Office charges.
- 14 **Mutual Aid** budget was set for 2016/17 based on previous years' reclaims. Cost recovery is roughly on par with budget.
- 15 **Income** underspent by £699k in year. This includes income beyond budgeted expectation for the Secret Garden party, recovered assets and policing football.
- 16 **Collaboration Set up** spend is £343k in 2016/17 relating to redundancy and pension strain costs for the areas currently being collaborated.
- 17 **ERP set up** spend is £474k. This is the revenue match funding requirement for the Police Transformation Grant.
- 18 **Collaboration – Athena** overspent by £20k.
- 19 **Change Team** underspent by £288k at year end primarily due to staff and consultancy costs coming in lower than budgeted.
- 20 **Collaborated initiatives JPS** – collaborated units in JPS have underspent by £978k including £477k CTC surplus, which has been moved to the Casualty Reduction Reserve. The remainder of the underspend is primarily officer pay and allowances in MCU, APU and RPU.
- 21 **Collaboration Organisational Support** –these units overspent by £161k. This includes the first month of the newly collaborated IMD.
- 22 **Collaboration Operational Support** units have overspent by £164k. This includes Criminal Justice Phase 1 and SMT.
- 23 **RCCO** includes the £372k in-year RCCO schemes as per the Capital Provisional Outturn Report.
- 24 **Transfer to reserves** of £163k was transferred to the capital carry forward reserve for items approved in year but not spent. This balances to the Capital Provisional Outturn report.
