Are you passionate about wildlife and the environment? Would you like to share this knowledge with others and gain experience in a unique parkland setting? We're looking for volunteers aged between 18-35 years old to support audiences engage with the environment and wildlife at Compton Verney.

What's involved?

Environment and Wildlife Engagement Volunteers tasks may include:

- Supporting the grounds team to improve the parkland environment for wildlife
- Supporting the Environment and Sciences Producer to make wildlife trails, writing blogs or helping to provide image/information for social media
- Contributing to our nature-themed events
- Supporting visitors around the event, such as providing information or demonstrations
- Using a radio to communicate clearly with other staff and volunteers across the site
- Helping to promote the Compton Verney in your local area
- Research, coming up with possible ideas, some practical skills desirable

What skills or attributes do I need?

- We require people with a passion for wildlife, the environment and nature and a desire to engage with and pass on this knowledge to the public.
- Be willing to have a flexible and versatile approach to providing support wherever and whenever needed on the

Volunteer Role Profile

Environment and Wildlife Engagement Support

- Willingly talking to visitors to create a welcoming and engaging environment that offers an experience they will want to repeat
- Have a positive and welcoming manner – whatever the weather

Additional information

- We will provide appropriate training in event organisation and delivery. In addition, you will be eager to learn and develop your knowledge of the charity - Compton Verney Art Gallery and Park.
- The events vary across the site however, the majority are held outdoors in the grounds.
- We provide short term volunteer opportunities for those under 17 throughout certain times of the year, please check the website for when these are available.
