„Don’t just collect business cards – remember the person.“:

This High-Speed-Networking-Session (that you should be prepared for) will give you the opportunity to present your key competences and your personal skills.

1. Professional Story: What is your professional USP, if foreign partners and clients want to work with you: what makes you the best choice in your field of expertise? Tell us a short story about one of your successful ventures. (Time: 1 minute per person)
2. Personal Story: What makes people remember you outside of a professional setting? Tell us something personal about yourself; maybe bring a picture that you can give your partner in addition to your business card. You could talk about your favourite hobby, your social commitments, family – (almost) whatever you want, to help people remember you. (Time: 1 minute per person)

At the beginning of each round the couples can decide a preferred language for their conversation.
